The wildflower seed mixtures were incorrectly calculated as 1.55 kg/ha for black-eyed susan (*Rudbeckia hirta*) and 7.70 kg/ha for both dense blazing star (*Liatris spicata*) and lanceleaf tickseed (*Coreopsis lanceolata*) instead of the correct values of 2.24 kg/ha for black-eyed susan and 11.21 kg/ha for both dense blazing star and lanceleaf tickseed. The authors regret the error.
