ERRATA

The paper "Pulsatile Flow Visualization in the Abdominal Aorta Under Differing Physiologic Conditions: Implications for Increased Susceptibility to Atherosclerosis," by J. E. Moore, Jr., D. N. Ku, C. K. Zarins, and S. Glagov, published in the JOURNAL OF BIOMECHANICAL ENGINEERING, Vol. 114, August 1992, pp. 391-397, contained the following error. The flow waveforms given for time reference in Fig. 4 (p. 394) and Fig. 6 (p. 395) were reversed. The flow waveform on which there are three points labeled belongs with Fig. 4, which illustrates vortex formation at three different points in the cardiac cycle.
