

and bioscientists who are predoctoral or not more than two years postdoctoral to enter the Contests. Prizes to be awarded are as follows:

RESEARCH CONTEST: \$500 prize for the best paper reporting original work, whether laboratory investigation or clinical observation.

ESSAY CONTEST: \$250 prize for the best review article or case report.

The prize winners as well as those receiving Honorable Mention are also given a one-year subscription to *DIABETES: The Journal of the American Diabetes Association*.

The papers will be judged on the basis of value of the material and manner of presentation. Any subject relating to diabetes and basic metabolic problems may be selected.

Papers entered in the Contests should not have been published previously. Appropriate manuscripts will be considered for publication in *DIABETES*.

The deadline for receipt of entries is April 15, 1965.

Manuscripts should be submitted in triplicate (original and two copies), typewritten and double spaced. A letter of transmittal should accompany the manuscript specifying the Contest being entered, and addressed to: Committee on Scientific Awards, American Diabetes Association, Inc., 18 East 48th Street, New York, New York 10017.

FUTURE MEETINGS

Information concerning the Fourth Research Symposium and the Thirteenth Postgraduate Course sponsored by the American Diabetes Association will be announced in coming issues of this Journal.

ADA FORECAST FEATURES ARTICLE ON EMPLOYMENT

"Job Guidelines for People with Diabetes," by the Committee on Employment of the American Diabetes Association, appears in the January-February issue of *ADA FORECAST*. The article discusses some common employment practices that affect people with diabetes, and the attitude the diabetic should take toward job hunting. It also offers some ideas on how to look for a job and how to keep one.

Copies of the January-February issue are available at 35¢ each, or six for \$2.00.

NEWS OF AFFILIATE ASSOCIATIONS

The *DIABETES ASSOCIATION OF THE DISTRICT OF COLUMBIA* (Clinical Society) held its first meeting of the year on January 19. Louis K. Alpert, M.D., spoke on the subject "Insulin Resistance."

The *NEW YORK DIABETES ASSOCIATION* has announced a series of postgraduate lectures to be given on five Tuesdays in April-May making use of radio facilities contributed by the Department of Postgraduate Medicine, Albany Medical College. The programs will be broadcast over Radio Station WRVR-FM (106.7 mc) from 8:00 a.m. to 8:50 a.m. The last twenty minutes of each program will be devoted to questions from listeners who may telephone the station at RI 9-5400. Two-way radio facilities also will be available in the auditoriums of certain cooperating hospitals.

The schedule of dates, subjects, and speakers follows:

April 6: "Management of the Juvenile and Adult Patient with Diabetes Mellitus." Abraham H. Kantrow, M.D.; William S. Norton, II, M.D.; and Charles Weller, M.D.

April 13: "The Diagnosis of Diabetes Mellitus." Gerald J. Friedman, M.D.; and Felix A. Silverstone, M.D.

April 20: "Diabetic Acidosis." Norman Deane, M.D.; and Kermit L. Pines, M.D.

April 27: "Current and Future Trends in Diabetes Mellitus." Rachmiel Levine, M.D.

May 4: "Complications of Diabetes Mellitus." Max Ellenberg, M.D.; and Harold Rifkin, M.D.

Stanley S. Bergen, Jr., M.D., and Lewis C. Park, M.D., are Co-chairmen of the Professional Education Committee of the Clinical Society of the New York Affiliate, which arranged the program with the assistance of the Public Health Service of the Department of Health, Education, and Welfare.

The *NIAGARA FALLS DIABETES ASSOCIATION* (Clinical Society) had Rachmiel Levine, M.D., as its guest speaker on January 25 at the Treadway Inn. In the morning, Dr. Levine spoke at a clinical conference at Memorial Hospital on "The Problems of Etiology of Diabetes Mellitus."

NEWS NOTES

MEMBERS PARTICIPATE IN AMERICAN COLLEGE OF PHYSICIANS POSTGRADUATE COURSE

SAMUEL P. ASPER, M.D., and THADDEUS E. PROUT, M.D., both of Baltimore, will be members of the faculty for Postgraduate Course No. 12 of the American College of Physicians. The Course, entitled "Nuclear Medicine for the Internist," will be presented April 5-9 at The Johns Hopkins Hospital in Baltimore. Drs. Asper and Prout will participate in a panel discussion of patients with diagnostic problems involving the thyroid. Dr. Prout will also present "Treatment of Hyperthyroidism."
