

1967 RESEARCH AND ESSAY CONTESTS

Members of the American Diabetes Association and subscribers to *DIABETES* are asked to encourage medical students and physicians within five years after completion of medical school and bioscientists who are predoctoral or not more than two years postdoctoral to enter the 1967 Research and Essay Contests sponsored by the Association. Prizes to be awarded are as follows:

RESEARCH CONTEST: \$500 prize for the best paper reporting original work, whether laboratory investigation or clinical observation.

ESSAY CONTEST: \$250 prize for the best review article or case report.

The prize winners as well as those receiving Honorable Mention are also given a one-year subscription to *DIABETES: The Journal of the American Diabetes Association*.

The papers will be judged on the basis of value of the material and manner of presentation. Any subject relating to diabetes and basic metabolic problems may be selected.

Papers entered in the Contests should not have been published previously. Appropriate manuscripts will be considered for publication in *DIABETES*.

The deadline for receipt of entries is April 15, 1967.

Manuscripts should be submitted in triplicate (original and two copies), typewritten and double spaced. A letter of transmittal should accompany the manuscript specifying the Contest being entered, and addressed to: Committee on Scientific Awards, American Diabetes Association, Inc., 18 East 48th Street, New York, N.Y. 10017.

CHRISTMAS GIFT OPPORTUNITIES

Readers are urged to consider gift subscriptions to the Journal *DIABETES* as an appropriate Christmas remembrance for colleagues, junior associates, or medical students interested in diabetes. The full rate for subscriptions is \$14.00 per year within the United States, U. S. Possessions, Canada and the Pan American Union and \$16.00 elsewhere. Subscriptions ordered in the names of medical students, physicians within their first five years after medical school, or bioscientists who are predoctoral or no more than two years postdoctoral are only half the full domestic price: \$7.00 per year, plus overseas postage of \$2.00 if applicable. A gift card will be sent if the purchaser requests it.

The general physician's manual *Diabetes Mellitus: Diagnosis and Treatment* also makes a most appropriate Christmas gift for colleagues, residents, interns or medical students. The price is \$2.00 per copy and a gift card will be included if desired.

After ordering copies of *Diabetes Mellitus: Diagnosis and Treatment* last Christmas, a Member wrote us as follows: "The book made an excellent gift for which I received many compliments." He stated that it served a twofold purpose: "1. to dispense much needed knowledge to our medical colleagues, and 2, to demonstrate, at a modest cost, one's thoughtfulness."

Address your orders to the American Diabetes Association, Inc., 18 East 48th Street, New York, N. Y. 10017. A prompt order will insure delivery in time for Christmas.
