

# candidates for CCM

The candidates named below have met the qualifications required by the Board of Certified Consulting Meteorologists and the Commission on Professional Affairs of the American Meteorological Society.

Daniel R. Bowman  
258 N. Winterset  
Wichita, KS 67212

Peter F. Giddings  
1810 Mountain View Dr.  
Tiburon, CA 94920

Douglas R. Murray  
47 Cragmoor Rd.  
W. Hartford, CT 06107

Jean I. Reynolds  
10227 W. Roxbury Ave.  
Littleton, CO 80123

Robert J. Rossi  
1074 Tumlin St., Apt. B  
Atlanta, GA 30318

Steven M. Sambol  
156-23 79th St.  
Howard Beach, NY 11414

Kent S. Short  
24106 102nd Place West  
Edmonds, WA 98020

Board procedures require publication of the names of candidates in the BULLETIN, and if no objection to the action of the Board and Commission on Professional Affairs is submitted within 60 days of publication, the approval is final. ●

## Symposium Honoring Professor Edward N. Lorenz

A symposium honoring Professor Edward N. Lorenz on the occasion of his retirement will be held at MIT on 14 and 15 December 1987. The symposium will consist of invited lectures on topics related to Professor Lorenz' research in dynamical systems meteorology. At the end of the symposium Professor Lorenz will deliver the annual Victor P. Starr Memorial Lecture. Additional information can be obtained from Jane McNabb, Room 54-1712, Center for Meteorology and Physical Oceanography, MIT, Cambridge, MA 02139 (Tel.: 617-253-2281). ●

## employment announcements

The American Meteorological Society issues employment announcements monthly, setting forth opportunities for positions in the atmospheric and oceanographic fields. The employers describe the prerequisites and requirements for the openings.

Members and nonmembers may subscribe to the announcements. The subscription price for a calendar year (12 monthly issues) is \$6 for AMS members and \$25 for nonmembers (add \$10 for mailing to a foreign address; monthly issues will be sent via air mail). After July 1, half-year subscriptions (for July through December issues) are available at one half of the above annual prices.

The purpose of the Employment Announcements is to provide a means by which those seeking positions in the atmospheric and related fields and those requiring personnel to fill such openings may have a convenient means of communication. Organizations that wish to avail themselves of this service should contact Jean Cooper, American Meteorological Society, 45 Beacon Street, Boston, MA 02108 (617-227-2425), for details and charges. ●
