The Call for Papers and Calendar sections list conferences, symposia, and workshops that are of potential interest to AMS members. Complete information about events listed in the calendar can be found on the meetings page of the AMS Web site, www.ametsoc.org. New additions to the calendar are highlighted.

To list an event in the calendar, please submit the event name, dates, location, and deadlines for abstracts, manuscripts, and preregistration to amsmtgs@ametsoc.org. For a submission to appear in a given issue, it must be submitted at least eight weeks prior to the month of publication (that is, to appear in the March Bulletin, the submission must be received by 1 January).
