ADVERTISING POLICY

The AMS will accept tasteful and accurate advertisements for products and services of professional interest to AMS members from organizations that are actively involved in the atmospheric and related sciences. The AMS also accepts advertising from organizations that have an interest in the atmospheric and related sciences and services, but are not actively involved in them. These organizations may promote their contributions to AMS activities and other good works, but may not directly promote products or services. The AMS reserves the right to refuse advertising that does not meet these criteria. Acceptance of advertising does not constitute the Society's endorsement of the product or service being advertised.
