Submission/Subscription Information

Manuscripts are expected to be original research that has not been previously published or not currently under review by another journal. If measurement instruments (questionnaires, case, interview plan, etc.) have been developed by the authors and are an integral part of the study, copies should be included with the manuscript. New manuscripts must be submitted through the Manuscript Submission and Peer Review System for API, located at <http://api.allentrack.net>. The site contains detailed instructions regarding the preparation of files for submission. To ensure anonymous review, please note that the article title page (with author names) must be in a separate file from the manuscript text. MS Word files are preferred.

There is no submission fee for Public Interest Section members. A nonrefundable \$20 fee will be charged to nonsection members. AAA members may choose to have the fee applied toward section membership dues that are coincidentally \$20/year. The submission fee (membership fee) may be paid by credit card (Visa or MasterCard only). If you are unable to pay by credit card or have any questions please contact the AAA Member Services Team at (941) 921-7747 or info@aaahq.org.

Accounting and the Public Interest is published by the Public Interest Section of the American Accounting Association. The journal is accessible to all members of the Public Interest Section. The annual subscription cost to libraries, institutions, companies, and individuals who are not members of the AAA is \$135.

Requests for reprint permission and web access should be sent to the American Accounting Association, 5717 Bessie Drive, Sarasota, FL 34233-2399, or emailed to info@aaahq.org.
