DIABETES MELLITUS: DIAGNOSIS AND TREATMENT

Volume II in the series entitled *Diabetes Mellitus: Diagnosis and Treatment*, edited by the late Dr. George J. Hamwi, and by Dr. T. S. Danowski, has now been published. A complimentary copy was sent to each Member of the Association the first week in October. Quantity prices are available on request, and will be published in the next issue of this Journal.

NEWS OF AFFILIATE ASSOCIATIONS

The COLORADO DIABETES ASSOCIATION will present its fifth annual institute for doctors working in the field of diabetes at the Aspen Institute in Aspen, Colorado, Feb. 21-25, 1968. The program will be available after December 15 through the office of that Association at 1375 Delaware Street, Denver, Colo. 80204.

The DIABETES ASSOCIATION OF SOUTHERN CALIFORNIA (Clinical Society) held a meeting at the Los Angeles County Medical Association, 1925 Wilshire Boulevard, Los Angeles, on September 23. Gerold M. Grodsky, Ph.D., Associate Professor of Biochemistry at the University of California in San Francisco, spoke on "Our Exploding Knowledge about Factors Influencing Insulin Synthesis and Secretion." Dr. Grodsky is a member of the Editorial Board of this Journal.

GOLDEN ANNIVERSARY OF THE AMERICAN DIETETIC ASSOCIATION

The American Dietetic Association held its Golden Anniversary Meeting in Chicago August 14-18 at The Conrad Hilton Hotel. On August 17 an all-day symposium entitled "Diabetes Education and National Health Survey" was presented under the sponsorship of the American Diabetes Association, The American Dietetic Association, and the U.S. Public Health Service.

The Symposium included the following papers:

"Introduction and Overview of the Diabetes Supplement to the National Health Survey" by Glen W. McDonald, M.D., Chief, Diabetes and Arthritis Control Program, National Center for Chronic Disease Control, U.S. Public Health Service, Arlington, Virginia

"Method and Technics Applied in the National Health Survey," by Robert Fuchsberg, Chief, Survey Methods Branch, Division of Health Interview Statistics, National Center for Health Statistics, U.S. Public Health Service, Washington, D.C.

"The Patient with Diabetes Reports his Experience with

Diet," by William M. Holland, M.D., Diabetes Consultant, Diabetes and Arthritis Control Program, National Center for Chronic Disease Control

"The Patient Reports His Knowledge of the Exchanges," by Sarah C. Stulb, Nutrition Consultant, Diabetes and Arthritis Control Program, National Center for Chronic Disease Control

"Some Recent Research Advances in Diabetes Mellitus," by Thomas P. Sharkey, M.D., Assistant Clinical Professor of Medicine, Ohio State University College of Medicine, Columbus; Senior Consultant in Internal Medicine, Miami Valley Hospital, Dayton

"Design to Evaluate Diabetes Control and Complications of Diabetes," by Charles Kilo, M.D., Washington University School of Medicine, St. Louis; Co-Investigator, University Group Diabetes Cooperative Program

"Suggestions for Research Designed to Strengthen the Teaching of Patients," by Margaret A. Ohlson, Ph.D., Research Associate, Division of Child Health, University of Washington Medical School, Seattle

"Establishment of a New Diabetes Detection and Educational Center," by Donnell D. Etwiler, M.D., Project Director, Diabetes Detection and Educational Center, Minneapolis

"Extending the Teaching of Diabetic Diets through Sub-professional Groups—an Exploration," by Eileen Reardon, Supervisor of Nutrition Unit, Minnesota Department of Health, Minneapolis

"Panel," with Dr. McDonald, Moderator; Dr. Etwiler, Dr. Ohlson, Miss Reardon, Dr. Sharkey, and Dr. Kilo.

Grace A. Goldsmith, M.D., D.Sc., Chairman, Food and Nutrition Board, National Academy of Sciences, and Dean, School of Public Health and Tropical Medicine, Tulane University, New Orleans, presented "National and International Focus on Food and Health" on August 15. William E. Connor, M.D., Associate Professor, Department of Internal Medicine, University of Iowa Hospitals, Iowa City, presented "Animal and Plant Sterols: Relationship to Atherosclerosis," on August 16.

Drs. McDonald, Holland, Sharkey, Kilo, Etwiler, Goldsmith and Connor are Members of the American Diabetes Association.

NEWS NOTES

THIRD JOLLIFFE GRANT

The third annual grant in memory of the late Dr. Norman Jolliffe has been awarded by the Research Corporation to Dr. Esteban Mezey of New York City. Under the terms of the grant established through a bequest of Mrs. Jolliffe, Dr. Mezey will pursue clinical research studies at the Institute of Nutrition Sciences, Columbia-Presbyterian Medical Center. Dr. Jolliffe, who died in 1961, was director of the Bureau of Nutrition of the New York City Department of Health.
