

MEETING HIGHLIGHTS

- Alexander Marble, M.D., of Boston, will present the Banting Memorial Lecture on Saturday, June 17, and will receive the Banting Memorial Award. Dr. Marble, a Past President of the American Diabetes Association, is Clinical Professor of Medicine, Harvard Medical School; Physician, Joslin Clinic and New England Deaconess Hospital; Senior Associate in Medicine, Peter Bent Brigham Hospital, Boston.
- The Annual Banquet and Social Hour are scheduled for Saturday evening, June 17. Members, their families and friends are cordially invited to attend both the Banquet and Social Hour. A Banquet reservation form will be mailed to all Members in advance of the Meeting.
- The 1967 Lilly Award will be presented to David M. Kipnis, M.D., upon recommendation of the Association's Committee on Scientific Awards. Dr. Kipnis will receive the Award for his contribution to our understanding of the physiology of intracellular transport, the relationship of transport and phosphorylation of glucose, and insulin and growth hormone in relation to carbohydrate and lipid metabolism. Dr. Kipnis is Professor of Medicine and Director, Washington University Clinical Research Center; Associate Physician, Barnes Hospital, St. Louis, Missouri. He is a member of the Board of Directors of the American Diabetes Association, and Associate Editor of this Journal.

SIXTH RESEARCH SYMPOSIUM

The American Diabetes Association will present its sixth Research Symposium at the Hotels Ambassador in Chicago, September 29-30. "Diabetes, Pregnancy, and the Newborn" will be the subject of the sessions. The Symposium is an activity of the Committee on Research, of which Jerome W. Conn, M.D., Ann Arbor, is Chairman. Norbert Freinkel, M.D., and Marvin Cornblath, M.D., both of Chicago, are Co-Directors of the Symposium.

FIFTEENTH POSTGRADUATE COURSE

The Fifteenth Postgraduate Course, entitled "Diabetes in Review: Clinical Conference 1968," will be held at the Sheraton-Cleveland Hotel in Cleveland, Ohio, Jan. 24-26, 1968.

ADA FORECAST FEATURES ARTICLE ON DRUGS AND DIABETES

"Drugs That Raise or Lower Blood Sugar," by Holbrooke S. Seltzer, M.D., appears in the March-April issue of ADA FORECAST now at press. The article includes a table listing by generic name drugs that raise or lower blood sugar and hence are of importance when administered to diabetics. It is also illustrated to show the effect of an aspirin-like drug on blood sugar. Copies of the March-April issue will be available at 35¢ each, or six for \$2.00.

NEWS OF
AFFILIATE ASSOCIATIONS

The MICHIGAN DIABETES ASSOCIATION will hold its Annual Dinner Meeting at Morton House in Grand Rapids on Wednesday, May 3. Randall G. Sprague, M.D., Rochester, Minnesota, will speak on "Living with Diabetes, 1921-1967."

The NEW YORK DIABETES ASSOCIATION (Clinical Society) will hold an open meeting on Thursday, May 25, at 8:00 p.m. at the New York Academy of Medicine, 2 East 103rd Street, New York. Seymour Glick, M.D., Chief of the Division of Metabolism and Endocrinology, Coney Island Hospital, and Assistant Professor of Medicine, Downstate Medical Center, Brooklyn, will present "Dynamics of Growth Hormone Secretion." The prize-winning papers of the Fourth Annual Prize Essay Contest in the field of diabetes mellitus, submitted by House Staff Officers and Fellows of hospitals in and around New York City, also will be presented.

NEWS NOTES

GOLDEN ANNIVERSARY MEETING OF THE
AMERICAN DIETETIC ASSOCIATION

The American Dietetic Association will hold its Golden Anniversary Meeting in Chicago August 14-18. The Conrad Hilton Hotel will be headquarters for the speaker sessions and the exhibition.

INTERNATIONAL DIABETES FEDERATION
SIXTH CONGRESS JULY 30 - AUGUST 4

As previously announced, the Sixth Congress of the International Diabetes Federation will be held in Stockholm, Sweden, July 30 - August 4. While the American Diabetes Association cannot undertake travel arrangements for its Members, such arrangements may be made through Garber Travel, 1406 Beacon Street, Brookline, Massachusetts. Other inquiries concerning the Congress should be sent to: The Sixth International Diabetes Congress, Reso Congress Service, Fack, Stockholm 1, Sweden.

The Congress is open to laymen as well as physicians. A general program for the former will be held concurrently with the scientific program. Registration, opening ceremony, and reception will take place on Sunday, July 30. The Scientific Sessions will begin on Monday, July 31, and will continue through Friday, August 4, in Folkets Hus (Congress Hall). Official languages will be English, French and German. Simultaneous interpretation will be arranged at all Panel Discussions, Lectures and other papers. Subjects to be covered at the Congress and other pertinent information were published in the January issue of this Journal.
