

### Correction: Article on the Characterization and Multiparameter Analysis of Visual Adverse Events in Irofulven Single-Agent Phase I and II Trials

In the article on the Multiparameter Analysis of Irofulven Visual Toxicity in the November 15, 2004 issue of *Clinical Cancer Research*, there was an error in Figure 3. The correct figure appears below.

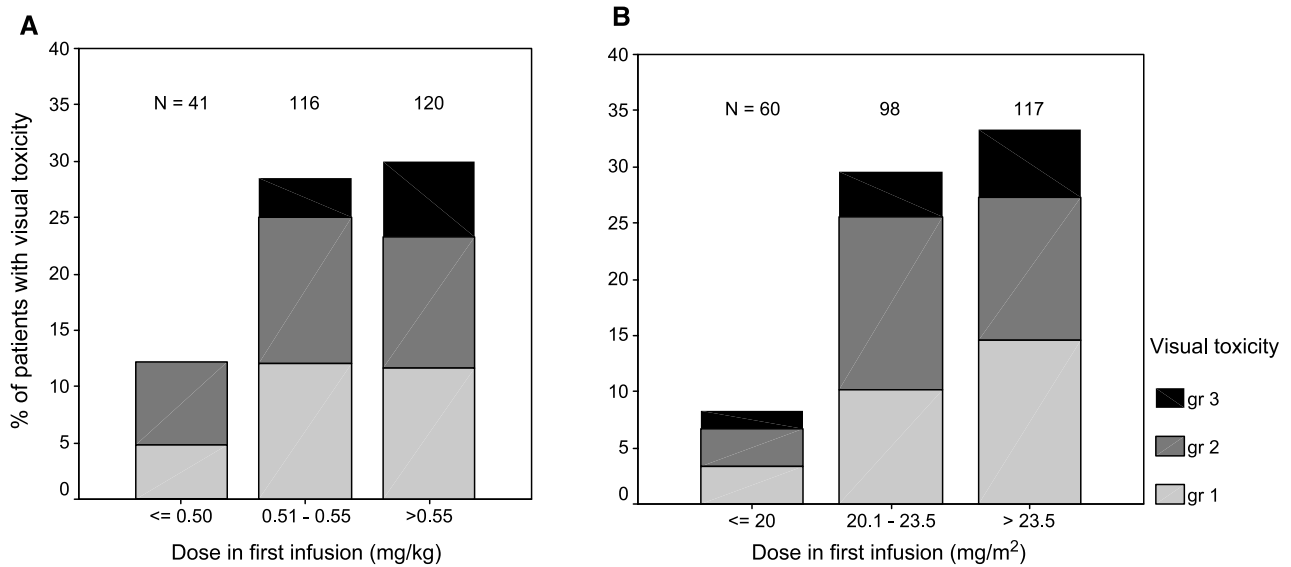

Fig. 3 Rates of visual events according to dose administered in first infusion in mg/kg (A) and mg/m<sup>2</sup> (B) in phase I - II single agent irofulven clinical trials.

Raymond E, Kahatt C, Rigolet MH, et al. Characterization and multiparameter analysis of visual adverse agents in irofulven single-agent phase I and II trials. *Clin Cancer Res* 2004;10:7566-74.
