### TWENTY-NINTH ANNUAL MEETING WILL BE HELD JUNE 28-29

As previously announced, the Twenty-ninth Annual Meeting of the American Diabetes Association will be held at the Hotel Roosevelt in New York, June 28-29.

Physicians and other scientists who would like to present papers at the Scientific Sessions are invited to submit abstracts to Stefan S. Fajans, M.D., Chairman of the Committee on Scientific Programs. Eight copies of the abstracts, which are requested in order to expedite review by the Committee, should be sent as soon as possible, but not later than March 1, to Dr. Fajans in care of the national office at 18 East 48th Street, New York, N.Y. 10017.

#### SUBMISSION OF ABSTRACTS

1. A Member of the Professional Section\* may submit no more than two abstracts, one as author, and one as co-author. He may, in lieu of submitted abstracts, introduce no more than two abstracts on behalf of nonmembers. When submitting one abstract he may introduce one abstract by a nonmember.

2. While utilizing his prerogative with respect to a total of two abstracts, the name of a Member may appear once again as co-author, providing that the abstract was submitted by another Member. He may not, however, have another abstract of his own introduced by another Member.

3. Abstracts of nonmembers must be introduced by Mem-

bers of the Professional Section in accordance with #1 (see above) and are limited to one for a nonmember.

4. Abstracts are limited to 300 words. Those exceeding 300 words will not be accepted. The number of words contained in the abstract (excluding the title and authors) should appear at the end of the abstract.

5. Abstracts must be double spaced and eight copies must be submitted.

6. The heading of abstracts should be in the following form:

- Title(s), first letters of major words being capitalized.
- Author(s) name(s), no degrees (e.g., M.D.), or academic titles should be included.
- Members of the Professional Section serving as authors should be indicated by an asterisk.
- City and State of origin of work.

7. Abstracts accepted will be printed as submitted to the Chairman of the Committee on Scientific Programs. They should be carefully written and edited prior to submission. Changes may not be made after they have been submitted.

8. Abstracts must be postmarked not later than March 1, 1969.

9. Abstracts should not contain acknowledgments, diagrams, charts, tables or references. Charts or tables may be sent to aid the Committee in selecting abstracts for the program, but reference to charts, tables, etc., should not be made in the text since they will not appear in the published abstracts.

10. Papers are to be presented by the first author listed. Presentation at the Annual Meeting will be strictly limited to

\*Formerly known as Active Members.

ten minutes to allow for discussion.

11. Each abstract is to be accompanied by a self-addressed postal card containing the title of the abstract and names of all authors and the return address of the senior author.

### 1969-1970 RESEARCH GRANTS PROGRAM

The Research Grants Program inaugurated last year by the Committee on Research of the American Diabetes Association, as approved by the Board of Directors, is being continued for the current year. Awards in excess of \$5,000 will not be made and applications for amounts between \$3,000 and \$5,000 are appropriate. These grants carry no commitment for overhead costs and expenditure for travel is not permitted.

The funds are unencumbered other than that they are to be used in research activities related to diabetes mellitus. Their purpose is to provide, for example, a necessary piece of equipment for which funds are not otherwise available, which would be useful on several projects in a given laboratory. The grant may be used for equipment and/or supplies and/or salary for technical assistance. The funds may be used in connection with a single research project or may be employed in more than one.

Applications should be by letter addressed to Mr. J. Richard Connelly, Executive Director, American Diabetes Association, Inc., 18 East 48th Street, New York, New York 10017; and be endorsed by the director of the laboratory, the chairman of the department, the dean of the school, and, when required by the parent university, the institutional officer authorized to sign grant requests. Grants are limited to institutions within the United States and its Possessions.

The letter of application should include the following:

1. A complete outline of the applicant's past and present research activities.
2. A proposed budget listing in itemized form the envisioned use of the research grant.
3. A list of all related current support from other sources giving total amounts, source and period over which each

grant extends.

4. Reasons for which application is being made for this grant.

Letters of application for grants to begin July 1, 1969, must be in the New York Office before March 1. Renewal applications will compete with all other applications submitted for that particular year.

### FIRST PARAMEDICAL POSTGRADUATE COURSE EXTENDED TO 2½ DAYS

The American Diabetes Association will hold the first national postgraduate course for paramedical personnel in Boston April 28-30, in cooperation with the Joslin Diabetes Foundation, Inc. Although originally scheduled for Monday and Tuesday, April 28-29, the Course will now continue through Wednesday morning, April 30. Alexander Marble, M.D., and Leo P. Krall, M.D., will be Director and Co-Director respectively. Headquarters for the meeting will be the Sheraton-Boston Hotel, and some of the sessions will be held at The Joslin Clinic.

The Course will be principally directed to nurses, dietitians, nutritionists and medical technologists. Registration is limited to 125, with applications accepted in the order received. Fee for the Course is \$50.00, including a Banquet for registrants on Monday evening, April 28.

Those interested in attending should write to the National Office of the American Diabetes Association.

### AFFILIATE ASSOCIATION LIST AVAILABLE

An up-to-date listing of the fifty-three Affiliate Associations of the American Diabetes Association and their seventy-four component societies has been prepared for distribution and is now available. Please address your requests to American Diabetes Association, Inc., 18 East 48th Street, New York, N.Y. 10017.
