EIGHTEENTH POSTGRADUATE COURSE

Rochester, Minnesota, will be the site of the Eighteenth Postgraduate Course of the American Diabetes Association. Entitled "Diabetes in Review: Clinical Conference 1971," the Course will be held at The Kahler Hotel and Mayo Clinic in Rochester, Minnesota, January 20, 21 and 22.

The Course, which is open to Doctors of Medicine, was developed by L. O. Underdahl, M.D., Rochester, who is Director of the Course; Clifford F. Gastineau, M.D., Rochester, and Frederick C. Goetz, M.D., Minneapolis, Co-Directors. Given in cooperation with the Mayo Clinic-Mayo Foundation of Rochester, and the University of Minnesota School of Medicine and Health Sciences Center, Minneapolis, it will be presented under the direction of the Committee on Professional Education through its planning group: George F. Cahill, Jr., M.D., Boston; Stefan S. Fajans, M.D., Ann Arbor; and Karl E. Sussman, M.D., Denver. Dr. Fajans is chairman of the Committee.

FEES: \$75 for the three-day Course for Members of the American Diabetes Association; \$100 for nonmembers. The full fee is payable when applications are made. The fee will

be refunded by the Association to any registrant who submits a written request not later than January 8. *Residents* and *interns* as well as *fellows* in a training status who have not completed five years of formal training (excluding the period of obligated government service) from the area of the Course may attend the Scientific Sessions without charge. They should register by January 8. If space permits, medical students may register without charge after January 8.

The Preliminary Program was published in the October issue of this Journal. The Program including an application form has been mailed to all Members of the Association, to subscribers to DIABETES, and to internists, general practitioners and other interested physicians through the country and Canada. This form should be filled out and mailed together with the fee to J. Richard Connelly, Executive Director, American Diabetes Association, Inc., 18 East 48th Street, New York, N. Y. 10017.

Applications will be accepted in the order received and registration officially confirmed. Additional registration forms are available on request.

The Course is acceptable for seventeen hours of elective credit by the American Academy of General Practice.

THIRTY-FIRST ANNUAL MEETING

As previously announced, the American Diabetes Association will hold its Thirty-first Annual Meeting at the Sheraton Palace in San Francisco. Scientific Sessions will be held Tuesday and Wednesday, June 22-23.

Physicians and other scientists who would like to present papers at the Scientific Sessions are invited to submit abstracts to Albert I. Winegrad, M.D., Chairman of the Committee on Scientific Programs. Ten copies of the abstracts, which are requested in order to expedite review by the Committee, should be sent as soon as possible, but postmarked not later than March 1, to Dr. Winegrad in care of the American Diabetes Association, 18 East 48th Street, New York, N. Y. 10017.

Abstracts which have been offered to other national societies should not be submitted.

SUBMISSION OF ABSTRACTS

1. A Member of the Professional Section may submit no more than two abstracts, one as author, and one as coauthor. He may, in lieu of submitted abstracts, introduce no more than two abstracts on behalf of nonmembers. When submitting one abstract he may introduce one abstract by a nonmember.

2. While utilizing his prerogative with respect to a total of two abstracts, the name of a Member may appear once again as coauthor, providing that the abstract was submitted by another Member. He may not, however, have another abstract of his own introduced by another Member.

3. Abstracts of nonmembers must be introduced by Members of the Professional Section in accordance with #1 (see above) and are limited to one for a nonmember.

4. Abstracts are limited to 300 words. Those exceeding 300 words will not be accepted. The number of words contained in the abstract (excluding the title and authors) should appear at the end of the abstract.

5. Abstracts must be double spaced and ten copies must be submitted.

6. The heading of abstracts should be in the following form:

- a. Title(s), first letters of major words being capitalized.
- b. Author(s) name(s), no degrees (e.g., M.D.), or academic titles should be included.
- c. Members of the Professional Section serving as authors should be indicated by an asterisk.
- d. City and State of origin of work.

7. Abstracts accepted will be printed as submitted to the Chairman of the Committee on Scientific Programs. They should be carefully written and edited prior to submission. Changes may not be made after they have been submitted.

8. Abstracts must be postmarked not later than March 1, 1971.

9. Abstracts should not contain acknowledgments, diagrams, charts, tables or references. Charts or tables may be sent to aid the Committee in selecting abstracts for the program, but reference to charts, tables, etc., should not be made in the text since they will not appear in the published abstracts.

10. Papers are to be presented by the first author listed. Presentation at the Annual Meeting will be strictly limited to ten minutes to allow time for discussion.

11. Each abstract is to be accompanied by a self-addressed postal card containing the title of the abstract and names of all authors and the return address of the senior author.

Third Allied Health Postgraduate Course in Diabetes

April 19, 20 and 21

San Francisco, California

The American Diabetes Association will hold the Third Allied Health Postgraduate Course in Diabetes April 19-21 in San Francisco, in cooperation with the University of California. The program was developed by Peter H. Forsham, M.D., Chairman, Stephen E. Dippé, M.D., M.P.H., and John H. Karam, M.D., who are Co-Chairmen, and will be presented under the direction of the Committee on Professional Education of the Association, chaired by Stefan S. Fajans, M.D., Ann Arbor.

The Course is offered in recognition of the need to convey the most current knowledge and teaching technics to members of the health team who are concerned with instruction of diabetic patients and their families. It is directed in particular to nurses, nutritionists and dietitians.

The printed program, which will include a registration form,

will be sent to all Members of the Association in January or early February. The form should be completed and mailed with the registration fee as soon as possible. Hotel Mark Hopkins will serve as headquarters and a room reservation card will accompany the application acceptance.

There will be a Social Hour and Banquet on Tuesday, April 20. Guest speaker at the Banquet will be Count D. Gibson, Jr., M.D., Professor and Chairman of the Department of Community and Preventive Medicine, Stanford University Medical Center, Stanford, California. He will speak on "Community Health: Management on Collaboration?" A Meet the Faculty Luncheon will be held on Wednesday, April 21. All functions by subscription.

Fee for the Course is \$50 for Members of the American Diabetes Association and \$65 for nonmembers.

ADA FORECAST HELPS YOU TO HELP YOUR PATIENTS!

This unique bimonthly magazine is devoted solely to the well-being of people with diabetes and members of their families.

For many physicians ADA FORECAST supplements teaching the patient (or parents or other responsible family members) basic information necessary to good diabetes management.

ADA FORECAST instructs—but always in an understanding and inspiring manner. It helps the patient to feel that he can succeed in life in spite of diabetes, but always with a gentle reminder that to do so he must learn the rules and follow them.

Besides inspirational and success stories both by and about diabetics, ADA FORE-

CAST carries up-to-date articles on the medical, social and economic problems related to diabetes, diet information with practical menus, news about research, correspondence from diabetics of all ages, and humor.

Subscription prices: 1 year—\$3.00; 2 years—\$5.00; 3 years—\$6.50. Add twenty-five cents a year additional for each subscription outside the United States, U.S. Possessions, Canada, and the Postal Union of the Americas and Spain.

Please write the American Diabetes Association, 18 East 48th Street, New York, N.Y. 10017, for sample copies, subscription blanks and special forms for group subscriptions.
