ADA FORECAST HELPS YOU TO HELP YOUR PATIENTS!

This unique bimonthly magazine is devoted solely to the well-being of people with diabetes and members of their families.

For many physicians ADA FORECAST supplements teaching the patient (or parents or other responsible family members) basic information necessary to good diabetes management.

ADA FORECAST instructs—but always in an understanding and inspiring manner. It helps the patient to feel that he can succeed in life in spite of diabetes, but always with a gentle reminder that to do so he must learn the rules and follow them.

Besides inspirational and success stories both by and about diabetics, ADA FORE-

CAST carries up-to-date articles on the medical, social and economic problems related to diabetes, diet information with practical menus, news about research, correspondence from diabetics of all ages, and humor.

Subscription prices: 1 year—\$3.00; 2 years—\$5.00; 3 years—\$6.50. Add twenty-five cents a year additional for each subscription outside the United States, U.S. Possessions, Canada, and the Postal Union of the Americas and Spain.

Please write the American Diabetes Association, 18 East 48th Street, New York, N.Y. 10017, for sample copies, subscription blanks and special forms for group subscriptions.
