

## Correction: Volumetric Breast Density from Full-Field Digital Mammograms and Its Association with Breast Cancer Risk Factors: A Comparison with a Threshold Method

In this article (Cancer Epidemiol Biomarkers Prev 2010;19:3096–105), which was published in the December 2010 issue of *Cancer Epidemiology, Biomarkers & Prevention* (1), the publisher regrets that because of a printing error, some of the data in Table 2 are incorrect. The correct version of Table 2 is found below.
