#### THIRTY-FIRST ANNUAL MEETING

A complete account of the Thirty-first Annual Meeting of the American Diabetes Association, which was held in San Francisco June 22-23, will be published in a coming issue of this Journal. Comparative attendance at this and previous Meetings will be reported. The roster of Officers and Directors for the 1971-1972 organizational year appears on the masthead of this issue.

#### 1972 POSTGRADUATE COURSE

The Nineteenth Postgraduate Course of the American Diabetes Association, entitled "Diabetes in Review: Clinical Conference 1972," will be held at the Sheraton-Four Ambassadors in Miami, Florida, Monday through Wednesday, January 24, 25 and 26. The Course is an activity of the Committee on Professional Education of which Karl E. Sussman, M.D., Denver, is Chairman. Daniel H. Mintz, M.D., Miami, is Director of the Course. The program will be published in DIABETES and mailed separately in the fall to all Members as well as most internists, general practitioners and other interested physicians throughout the country. Fee is \$100 for Members of the Association and \$125 for nonmembers.

#### THIRTY-SECOND ANNUAL MEETING

The American Diabetes Association will hold its Thirty-second Annual Meeting in Washington, D.C., the week of June 18, 1972. Scientific Sessions will be June 24-25.

#### DIABETES WEEK: NOVEMBER 14-20

Following the usual practice of observing Diabetes Week the week before Thanksgiving, Diabetes Week this year will be November 14-20. Affiliate Associations and Committees on Diabetes of County and State Medical Societies are urged to note this date in making plans for their Public Education and Detection programs.

#### ADA FORECAST FEATURE ON TRAVEL

"Diabetes Can Travel with You!," by E. A. Haunz, M.D., appears in the May-June issue of ADA FORECAST. The article stresses the importance of identification cards, bracelets and lockets for traveling diabetics, and includes sections on "What You Should Know about Insulin," "Testing Materials," "Modes of Travel," and "Traveling in General." Copies of the May-June issue are available at 50¢ each.

## 1972-73 RESEARCH AND DEVELOPMENT AWARDS

Applications for Research and Development Awards for the academic year 1972-1973, designed to assist exceptionally promising young investigators in their transition to the level of established investigators, *must be postmarked on or before Nov. 15, 1971*. Notification of Awards will be made by February 15.

The top-rated applicant will receive the Elliott P. Joslin Research and Development Award for that year. The recipient of the Award may have this designation for only one year even though he may be granted a Research and Development Award for a second year.

The following policies have been established by the Committee on Research:

### Eligibility

Applicants must be members of University-affiliated institutions within the United States and U.S. possessions. Applicants should have had three years of relevant research experience with publications; residency training is not considered the equivalent of research experience.

The Committee on Research will give special consideration to the following:

1. Intent of applicant to pursue a full-time academic career.
2. Tangible evidence of research performance.

### Stipend

The stipend will be \$12,000 per year plus the customary fringe benefits of the sponsoring institution. If granted a one-year renewal, the Award will be in the same amount except that any increase in salary granted by the institution will be shared equally between the institution and the American Diabetes Association. Recipients are required to devote 90 per cent of their time to research activities; an institution may supplement the salary in accordance with the standards of the respective institution.

Payments will be made on the 15th of each month to the sponsoring institution.

### Term

The awards will be made for one academic year, July 1 through June 30. Candidates may apply on a competing basis for a one-year-renewal period.

### Submission of Applications

The sponsoring institution shall submit the application on behalf of the applicant. The application must be routed through the usual administrative channels of the sponsoring institution and include endorsement of the applicant's preceptor and the department head. Except for renewal applications, an institution may submit only one application per year. A statement of the institution's plans for the applicant's future career must be included.

It is required that the institution submit details and precise amount of its fringe benefit program as applicable to a salary of \$12,000.

Eleven copies of the application, as well as all supporting material, *must be postmarked no later than November 15* of the year preceding the academic year in which the award is desired. Notification of awards will be made by February 15.

The applicant's name and address should be written on the front of the enclosed postal card and returned with the application. It is necessary that this card accompany the application so that acknowledgment can be made to the applicant.

### Institutional Overhead

It is understood that institutional expenses are *not* to be a part of the award.

### Travel and Relocation

Expenses of travel and relocation are *not* reimbursable.

### Application Forms

Forms may be obtained from:

Mr. J. Richard Connelly, Executive Director  
American Diabetes Association, Inc.  
18 East 48th Street  
New York, New York 10017
