HEALTH ALERTS

The following products are being recalled because they may contain high levels of lead, which is toxic if ingested by young children and can cause adverse health effects.

Reading and math aids

Units: 185,000

Importer: RR Donnelley of Chicago

Description: The following recalled reading and math aids are for use in the classroom: magnetic dry-erase board, student crown, puppet thinking crown, angled ruler, magnetic number line, target mat, double nine dominos, mimosa measuring tape and two-sided white seamstress flexible tape measure.

Sold by: SRA of Columbus, Ohio; Glencoe of Columbus, Ohio; and Wright Group of Chicago to schools nationwide from July 2003 through October 2007.

Remedy: Contact RR Donnelley for information on returning the products for a free replacement item.

Contact: Call 888-240-2730 or visit www.mhcares.com.
