

### Erratum

#### **Sedation with Dexmedetomidine or Propofol Impairs Hypoxic Control of Breathing in Healthy Male Volunteers: A Nonblinded, Randomized Crossover Study: Erratum**

In the article beginning on page 700 of the October 2016 issue, the phrase, “concentrations in plasma at the sedation target were  $0.66 \pm 0.14$  and  $1.26 \pm 0.36$   $\mu\text{g/ml}$  for dexmedetomidine and propofol, respectively” is incorrect due to a publisher error. The correct phrase is “concentrations in plasma at the sedation target were  $0.66 \pm 0.14$   $\text{ng/ml}$  and  $1.26 \pm 0.36$   $\mu\text{g/ml}$  for dexmedetomidine and propofol, respectively.”
