Instructions for Obtaining ANESTHESIOLOGY Continuing Medical Education (CME) Credit

CME Editors: Leslie C. Jameson, M.D., and Dan J. Kopacz, M.D.

ANESTHESIOLOGY’s Journal CME is open to all readers. To take part in ANESTHESIOLOGY Journal-based CME, complete the following steps:

1. Read the CME information presented on this page.
2. Read this month’s article designated for CME credit (listed below) in either the print or online edition.
3. Register at http://www.asahq.org/shop-asa/journal-cme. Nonmembers will be asked to provide payment.
4. Achieve a score of at least 50% correct on the six-question online journal CME quiz and complete the evaluation.
5. Claim credit in 15-minute increments, for a maximum of 1 AMA PRA Category 1 Credit™ per journal article.

CME Information & Disclosure

Purpose: The focus of ANESTHESIOLOGY Journal-based CME is to educate readers on current developments in the science and clinical practice of anesthesia.

Target Audience: ANESTHESIOLOGY Journal-based CME is intended for anesthesiologists. Researchers and other health care professionals with an interest in anesthesia may also participate.

Accreditation: The American Society of Anesthesiologists is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CME Designation Statement: The American Society of Anesthesiologists designates this Journal-based CME activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Please direct any questions about Journal-based CME to:

EducationCenter@asahq.org

Date of Release: May 2018
Termination Date: May 2021

This Month’s ANESTHESIOLOGY Journal-based CME Article

Read the article by Helwani et al. entitled “Etiology of Acute Coronary Syndrome after Noncardiac Surgery” on page 1084, and its accompanying editorial by Martin J. London entitled “Type 2 Perioperative Myocardial Infarction: Can We Close Pandora’s Box?” on page 1055.

Learning Objectives

After successfully completing this activity, the learner will be able to compare the mechanisms and presentations of patients experiencing different types of perioperative acute coronary syndrome, describe the association between different types of acute perioperative myocardial infarction, and explain the relative expected mortality of patients experiencing perioperative acute coronary syndrome.

Disclosures

This journal article has been selected for and planned as a journal CME activity, which is designated for AMA PRA Category 1 Credit. The authors disclosed relationships in keeping with ANESTHESIOLOGY’s requirements for all journal submissions. All relationships journal authors disclosed to ANESTHESIOLOGY are disclosed to learners, even those relationships that are not relevant financial relationships, per the ACCME’s requirements for CME activities.

Editor-in-Chief: Evan D. Kharasch, M.D., Ph.D., has reported receiving consulting fees from TEN Healthcare.

CME Editors: Leslie C. Jameson, M.D., has reported no relevant financial relationships with commercial interests. Dan J. Kopacz, M.D., has reported holding an equity position with SoloDex, LLC.

Authors: Mohammad A. Helwani, M.D., M.S.P.H.; Paul Lavigne, M.D.; Srikar Rao, M.D., M.S.; Shari Oesterreich, M.D.; Esam Samaha, M.D.; and Jamie C. Brown, M.D., report no relevant financial relationships with commercial interests. Peter Nagele, M.D., M.Sc., reports receiving research grants and other research support from Roche Diagnostics and research grants and other research support from Abbott Diagnostics. Amit Amin, M.D., reports research funding from Volcano and is a consultant for Terumo, The Medicines Company, and AstraZeneca. Martin J. London, M.D., F.A.S.E., reports no relevant financial relationships with commercial interests.

Resolution of Conflicts of Interest

In accordance with the ACCME Standards for Commercial Support of CME, the American Society of Anesthesiologists has implemented mechanisms, prior to the planning and implementation of this Journal-based CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this Journal-based CME activity.

Disclaimer

The information provided in this CME activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a health care provider relative to diagnostic and treatment options of a specific patient’s medical condition.
