

Instructions for Obtaining ANESTHESIOLOGY Continuing Medical Education (CME) Credit

CME Editors: Leslie C. Jameson, M.D., and Dan J. Kopacz, M.D.

ANESTHESIOLOGY'S Journal CME is open to all readers. To take part in ANESTHESIOLOGY Journal-based CME, complete the following steps:

1. Read the accreditation information presented on this page.
2. Read this month's articles designated for credit (listed below) in either the print or online edition.
3. Register at <http://www.asahq.org/shop-asa>. In the category, search for Journal CME. Nonmembers will need to provide payment.
4. Achieve a score of at least 50% correct on the six-question online journal quiz and complete the evaluation.
5. Claim credit in 15-minute increments, for a maximum of 1 *AMA PRA Category 1 Credit*[™] per journal article.

Accreditation Information

Purpose: The focus of ANESTHESIOLOGY Journal-based CME is to educate readers on current developments in the science and clinical practice of anesthesiology.

Target Audience: ANESTHESIOLOGY Journal-based CME is intended for anesthesiologists. Researchers and other healthcare professionals with an interest in anesthesiology may also participate.

Accreditation and Designation Statements: The American Society of Anesthesiologists is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this journal-based activity for a maximum of 1 *AMA PRA Category 1 Credit*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Maintenance of Certification in Anesthesiology[™] program and MOCA[®] are registered trademarks of The American Board of Anesthesiology[®]. MOCA 2.0[®] is a trademark of the American Board of Anesthesiology[®].

This activity contributes to the CME component of the American Board of Anesthesiology's redesigned Maintenance of Certification in Anesthesiology[™] (MOCA[®]) program, known as MOCA 2.0[®]. Please consult the ABA website, <http://www.theABA.org>, for a list of all MOCA 2.0 requirements.

Rates

Two options are available:

	ASA Member	Non-member
Annual Fee	\$0	\$120

Payment may be made using Visa or MasterCard.

Please direct any questions about Journal-based CME to: EducationCenter@asahq.org

Date of Release: February 2020

Expiration Date: February 2023

This Month's ANESTHESIOLOGY Journal-based CME Articles

Read the article by Decker *et al.* entitled "Controversies in Perioperative Antimicrobial Prophylaxis" on page 586 and the article by Chen *et al.* entitled "Ultrasound-guided Medial Branch Blocks, Facet Joint, and Multifidus Muscle Injections: How It Is Done under One Needle Insertion Point!" on page 582.

Learning Objectives

After successfully completing this activity, the learner will be able to recognize the surgical situations that change the risk of surgical site infections despite antibiotic administration, identify the consequences associated with possible penicillin allergy and antibiotic administration, and describe specific techniques for lumbar blocks.

Disclosures

These journal articles have been selected for and planned as a journal CME activity, which is designated for *AMA PRA Category 1 Credit*[™]. The authors disclosed relationships in keeping with ANESTHESIOLOGY'S requirements for all journal submissions. All relationships journal authors disclosed to ANESTHESIOLOGY are disclosed to learners, even those relationships that are not relevant financial relationships, per the ACCME'S requirements for CME activities.

Editor-in-Chief: Evan D. Kharasch, M.D., Ph.D., has disclosed no relevant financial relationships with commercial interests.

CME Editors: Leslie C. Jameson, M.D., has disclosed no relevant financial relationships with commercial interests. Dan J. Kopacz, M.D., has disclosed holding an equity position with SoloDex, Inc.

ASA Staff: Kari Lee and Anne Farace have disclosed no relevant financial relationships with commercial interests.

Disclaimer

The information provided in this activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient's medical condition.
