

## Pregnancy and Labor Epidural Effects on Gastric Emptying: A Prospective Comparative Study: Erratum

The gastric emptying rate referenced throughout the article is not a true “rate,” but is rather a fraction. Accordingly, gastric emptying “rate” has been changed to gastric emptying “fraction” throughout the article.

The authors regret this error. The online version and PDF of the article have been corrected.

DOI: 10.1097/ALN.0000000000004190
