In the Original Investigation titled "Association of Early Pregnancy Perfluoroalkyl and Polyfluoroalkyl Substance Exposure With Birth Outcomes," published May 31, 2023, there was an error in Figure 1. The difference and 95% CI values in panel A (PFOA) should have been presented in panel B (PFOS), those in panel B should have been presented in panel C (PFNA), and those in panel C should have been presented in panel A. This article has been corrected.
