**NEWS OF
 AFFILIATE ASSOCIATIONS**

The ST. LOUIS DIABETES ASSOCIATION, in cooperation with the Missouri Nurses Association, Third District, presented a "Diabetes Workshop for Nurses and Other Paramedicals" at the St. Louis Medical Society Building on Thursday, November 30. The following papers were presented: "Detection and Diagnosis of Diabetes Mellitus," Thomas E. Bourke, M.D.; "Prevalence and Epidemiology of Diabetes Mellitus," Ernest E. Sellars, M.P.H.; "Insulin Therapy and Its Complications," Harvey Walker, Jr., M.D., Ph.D., and Mrs. Kay Walker. "Panel Discussion and Questions and Answers" was held with Dr. Bourke, Doris England, R.N., Charles Kilo, M.D., Mr. Sellars, Mrs. Walker and Dr. Walker as participants. "Blood Fats in Normals and Diabetics," by Stephen R. Crespino, M.D., was then presented, followed by "Pregnancy and the Diabetic," by Henry E. Oppenheimer, M.D. All participants were of St. Louis. A film entitled "Implications of Hyperglycemia" was presented at the close of the program.
