

ACKNOWLEDGMENTS

The author would like to thank the Cutter Information Corporation, publisher of the Oil Spill Intelligence Report, for its kind permission to reproduce information from its weekly newsletter and from its reports *Financial Costs of Oil Spills in the United States*, *Financial Costs of Oil Spills Worldwide*, and *Case Study: The Morris J. Berman Oil Spill*.

Special thanks are due to the 1999 IOSC Issue Paper Workgroup and the peer reviewers for their help and assistance in drafting this paper. The efforts of the many people from around the world who gave their time to make contributions through review, correction, and hopefully detection and advice on removing some overly subjective views are appreciated.
