

## ERRATA

Correction to “Critical Heat Flux in Helically Coiled Tubes,” by M. K. Jensen and A. E. Bergles, published in the November 1981 issue of the ASME JOURNAL OF HEAT TRANSFER, pp. 660–666:

for  $G > 950 \text{ kg/m}^2\text{s}$

$$Bo = 17126 \text{ Re}^{-1.142} x^{-0.436} (d/D)^{0.31}$$

for  $G \leq 950 \text{ kg/m}^2\text{s}$

$$Bo = 0.00000409 \text{ Re}^{0.50} x^{-0.46} (d/D)^{0.17}$$
