

Correction: Porphyromonas Gingivalis Promotes Colorectal Carcinoma by Activating the Hematopoietic NLRP3 Inflammasome

Xi Wang, Yiqun Jia, Liling Wen, Wenxin Mu, Xianrui Wu, Tao Liu, Xiangqi Liu, Juan Fang, Yizhao Luan, Ping Chen, Jinlong Gao, Ky-Anh Nguyen, Jun Cui, Gucheng Zeng, Ping Lan, Qianming Chen, Bin Cheng, and Zhi Wang

In the original version of this article (1), there was an error in Fig. 5C. Specifically, the DAPI image used for the control MC38 tumor tissue immunofluorescence was mistakenly taken from another field and did not match the DAPI staining in the merged image. The correct image has been provided, and the error has been corrected in the latest online HTML and PDF version of the article. The authors regret this error.
