NEWS OF AFFILIATE ASSOCIATIONS

The NEBRASKA DIABETES ASSOCIATION will present "Problem Solving in the Treatment of Patients with Diabetes Mellitus" at the University of Nebraska Medical Center in Omaha May 17-18. Joseph C. Shipp, M.D., is Course Coordinator.

Members of the Guest Faculty include Donnell D. Etwiler, M.D., Minneapolis; Edgar A. Haunz, M.D., Grand Forks, North Dakota; and Leo P. Krall, M.D., Boston. The program is given in cooperation with the University of Nebraska College of Medicine, University of Nebraska College of Nursing, Creighton University School of Medicine, Nebraska Nurses Association, Nebraska Dietetics Association, Nebraska Licensed Practical Nurses Association and Visiting Nurses Association of Omaha.

The NEW ENGLAND DIABETES ASSOCIATION will present "Current Concepts in Diabetes Mellitus," on May 16 at the Springfield Hospital Medical Center, 759 Chestnut Street, Springfield, Massachusetts. The all-day program beginning at 8:50 a.m., will include the following topics in the morning session: "Management of Juvenile and Adult Diabetes Mellitus," "Differential Diagnosis and Treatment of Ketoacidosis and Comas," and "Diagnosis and Treatment of the Hyperlipidemias of Diabetes Mellitus." The afternoon session will be devoted to: "Metabolic Defects of Diabetes Mellitus," "Complications of Diabetes," "Disorders of the Eye," and "Disorders of the Nervous System." There will also be two concurrent workshops, one for nurses, dietitians and nutritionists; and the other for diabetics, their families and interested persons.

Further information may be obtained from Marvin L. Mitchell, M.D., New England Diabetes Association, 1223 Beacon Street, Room 107, Brookline, Massachusetts 02146.

The NORTH CAROLINA DIABETES ASSOCIATION and the Continuing Education Program of the University of North Carolina School of Nursing held a workshop for nurses who specialize in the care of diabetics in Chapel Hill, North Carolina, on April 11. The program was devoted to issues relating to the nursing care of diabetic patients and featured lectures, group discussions, and a display of available educational materials.

## NEWS NOTES

### FELLOWSHIPS AVAILABLE

The Solomon A. Berson Fund for Medical Research, Inc., wishes to announce the availability of a limited number of Fellowships for advanced training in biomedical research. These Fellowships are open to qualified applicants possessing an advanced degree (M.D. or Ph.D.) without regard to sex or nationality. The Fellowships are for one year, extendable for another, and will be spent at the Bronx Veterans Administration Hospital under the supervision of Dr. Rosalyn Yalow. Application forms and additional information may be obtained from the Fellowship Office, c/o Dr. Rosalyn Yalow, Solomon A.
