

Members of the Guest Faculty include Donnell D. Etwiler, M.D., Minneapolis; Edgar A. Haunz, M.D., Grand Forks, North Dakota; and Leo P. Krall, M.D., Boston. The program is given in cooperation with the University of Nebraska College of Medicine, University of Nebraska College of Nursing, Creighton University School of Medicine, Nebraska Nurses Association, Nebraska Dietetics Association, Nebraska Licensed Practical Nurses Association and Visiting Nurses Association of Omaha.

The NEW ENGLAND DIABETES ASSOCIATION will present "Current Concepts in Diabetes Mellitus," on May 16 at the Springfield Hospital Medical Center, 759 Chestnut Street, Springfield, Massachusetts. The all-day program beginning at 8:50 a.m., will include the following topics in the morning session: "Management of Juvenile and Adult Diabetes Mellitus," "Differential Diagnosis and Treatment of Ketoacidosis and Comas," and "Diagnosis and Treatment of the Hyperlipidemias of Diabetes Mellitus." The afternoon session will be devoted to: "Metabolic Defects of Diabetes Mellitus," "Complications of Diabetes," "Disorders of the Eye," and "Disorders of the Nervous System." There will also be two concurrent workshops, one for nurses, dietitians and nutritionists; and the other for diabetics, their families and interested persons.

Further information may be obtained from Marvin L. Mitchell, M.D., New England Diabetes Association, 1223 Beacon Street, Room 107, Brookline, Massachusetts 02146.

The NORTH CAROLINA DIABETES ASSOCIATION and the Continuing Education Program of the University of North Carolina School of Nursing held a workshop for nurses who specialize in the care of diabetics in Chapel Hill, North Carolina, on April 11. The program was devoted to issues relating to the nursing care of diabetic patients and featured lectures, group discussions, and a display of available educational materials.

NEWS NOTES

FELLOWSHIPS AVAILABLE

The Solomon A. Berson Fund for Medical Research, Inc., wishes to announce the availability of a limited number of Fellowships for advanced training in biomedical research. These Fellowships are open to qualified applicants possessing an advanced degree (M.D. or Ph.D.) without regard to sex or nationality. The Fellowships are for one year, extendable for another, and will be spent at the Bronx Veterans Administration Hospital under the supervision of Dr. Rosalyn Yalow. Application forms and additional information may be obtained from the Fellowship Office, c/o Dr. Rosalyn Yalow, Solomon A. Berson Research Laboratory, Veterans Administration Hospital, Bronx, New York 10468.

The deadline for receipt of applications is July 1, 1973, for Fellowships to begin in the fall of 1973.

DEDICATE NEW DIABETES RESEARCH INSTITUTE

A two-day symposium was held in Birmingham, Alabama, in early March to dedicate the new Diabetes Research Insti-

tute at the University of Alabama-Birmingham (UAB) Medical Center. Speakers included David M. Kipnis, M.D., Washington University School of Medicine, St. Louis; George W. Thorn, M.D., and George F. Cahill, Jr., M.D., Harvard Medical School, Boston; Paul E. Lacy, M.D., Washington University School of Medicine, St. Louis; George D. Molnar, M.D., Mayo Graduate School of Medicine, Rochester, Minnesota; Rachmiel Levine, M.D., City of Hope Hospital, Duarte, California; John D. Brunzell, M.D., Veterans Administration Hospital at the University of Washington in Seattle; and Albert E. Renold, M.D., Vice Rector of the University of Geneva, Geneva, Switzerland.

JOURNEES DE DIABETOLOGIE DE L'HOTEL-DIEU

The Fourteenth Annual Journées de Diabétologie de l'Hôtel-Dieu will be held May 10-12 at the Hôtel PLM Saint-Jacques, 17, Boulevard Saint-Jacques 75014, Paris, under the chairmanship of Professors Maurice Derot and Henri Bour. Further information may be obtained from Dr. Michel Rathery, Hôtel-Dieu, 1, Place du Parvis Notre-Dame, Paris (4^e), France.

ASSOCIATION MEMBERS PARTICIPATE IN POSTGRADUATE COURSES

Harvey C. Knowles, Jr., M.D., and John W. Vester, M.D., both of Cincinnati, will take part in "Internal Medicine: Current Concepts of Clinical Problems," a postgraduate course of the American College of Physicians to be held May 21-25 at the University of Cincinnati Medical Center. Dr. Vester is Co-Director of the Course. Dr. Knowles will present "The Physiology of Estrogen, Progesterone, and Gonadotrophin Relations."

Ronald A. Arky, M.D., Cambridge, Massachusetts, Seymour M. Glick, M.D., Brooklyn, and Philip H. Henneman, M.D., New York, will be members of the faculty of a postgraduate course of the American College of Physicians to be held May 21-25 at St. Vincent's Hospital and Medical Center of New York. Dr. Henneman will preside for a session on "Acute Metabolic Failure," during which Dr. Glick will speak on "Hyponatremia and Inappropriate ADH," and Dr. Arky on "The Hypoglycemic State and Nonketotic Hyperosmolar Coma." Drs. Henneman, Arky and Glick will participate in a panel discussion at the close of the morning session. During the afternoon, Drs. Henneman and Arky will take part in a seminar on "Acute Metabolic Failure."

PERSONALS

LEO P. KRALL, M.D., Boston, has returned from a three-week tour of Australia and New Zealand, where he delivered twenty-five lectures to both lay and professional groups.

NECROLOGY

DELMER J. BROWN, Parkersburg, West Virginia, born July 6, 1907.

HANS CHRISTIAN HAGEDORN, Gentofte, Denmark, Honorary Member, born March 6, 1888.
