

ORGANIZATION SECTION

It is required that the institution submit details and precise amount of its fringe benefit program as applicable to a salary of \$12,000.

Eleven copies of the application, as well as all supporting material, *must be postmarked no later than November 15* of the year preceding the academic year in which the award is desired. Notification of awards will be made by February 15.

The applicant's name and address should be written on the front of the enclosed postal card and returned with the application. It is necessary that this card accompany the application so that acknowledgment can be made to the applicant.

Institutional Overhead

It is understood that institutional expenses are *not* to be a part of the award.

Travel and Relocation

Expenses of travel and relocation are *not* reimbursable.

Application Forms

Forms may be obtained from: Mr. J. Richard Connelly, Executive Director, American Diabetes Association, Inc., 18 East 48th Street, New York, New York 10017.

EIGHTEENTH ANNUAL LILLY AWARD

The 1974 Lilly Award will be given at the Thirty-fourth Annual Meeting of the American Diabetes Association. The following stipulations govern the contest for this annual award, which is supported by Eli Lilly and Company and consists of \$1,000 and a medal.

Purpose: To recognize demonstrated research in the field of diabetes, taking into consideration independence of thought and originality.

Eligibility: Any investigator in an appropriate field of work, closely related to diabetes, who is less than forty years of age on January 1 of the year in which the award is made. The research will not necessarily be judged in comparison with the work of more mature and experienced workers. The candidate should be a resident of the United States or Canada.

Nomination: Nominations for the award will be solicited from the Members of the American Diabetes Association. Such nominations will be requested by repeated notices to be published in *DIABETES*. Names of nominees must be received before December 1 of the year preceding the award. The nomination should be accompanied by full information concerning the nominee's personality, training, and research work. Eleven copies of each item should be submitted. No Member may send in more than one nomination. A list of the nominee's publications, if any, and eleven copies of the publication or manuscript for which the award is to be given should accompany the nomination. The award may be given for work published during the year prior to December 1 of the year preceding the award. The nominee should be actively engaged at that time in the line of research for which the award is to be made.

Announcement: The name of the winner will be announced in *DIABETES*. The winner will be invited to present a paper

on his work at the Annual Meeting. Papers considered for the award must be submitted with the idea that they will be published in whole or in part in *DIABETES* if found acceptable to the Editor and/or Editorial Board. If the Committee should decide that no outstanding work has been presented for this consideration, the award will not be made.

Award: In addition to the monetary award and medal, traveling expenses will be given to make it possible for the recipient to receive his award in person at the Annual Meeting.

NEWS OF AFFILIATE ASSOCIATIONS

The NEW ENGLAND DIABETES ASSOCIATION, in cooperation with The Massachusetts Dietetic Association, will present "Diabetes Mellitus: Perspective—Problems and Practice, Symposia and Workshops" November 14-15 at The Colonnade Hotel in Boston. Topics will include neural regulation of glucose metabolism; lipids and heart disease; heredity, environment and diabetes mellitus; regulation and vascular changes; the natural course of diabetes and its modification; eating patterns, obesity and diabetes; metabolic defects and clinical correlation; diet content and control of diabetes. Speakers will be Seymour Reichlin, M.D., George F. Cahill, Jr., M.D., Robert Lees, M.D., Marvin D. Siperstein, M.D., Ph.D., Alexander Marble, M.D., David L. Rimoim, M.D., Jo Grinker, Ph.D., George Blackburn, M.D., John D. Brunzell, M.D., and Robert F. Bradley, M.D. Further information may be obtained from Marvin L. Mitchell, M.D., Program Chairman, New England Diabetes Association, 1223 Beacon Street, Brookline, Massachusetts 02146.

The NEW YORK DIABETES ASSOCIATION will present its Twenty-first Annual Symposium on Diabetes Mellitus on Saturday, October 13, in the theatre of the Barbizon-Plaza Hotel, 106 Central Park South, New York City. The sessions will be presented from 9:00 a.m. to 4:30 p.m., and a \$15.00 registration fee will be charged to those who are not members of the Association's Clinical Society.

David M. Kipnis, M.D., Editor of this Journal and Professor and Chairman of the Department of Medicine of Washington University School of Medicine, St. Louis, will deliver the Herman O. Mosenthal Lecture during the afternoon session. His subject will be "Recent Studies on the Regulation of Insulin Synthesis and Secretion."

Other symposium topics and speakers are as follows: "The Integrative Action of Insulin in Metabolic Adaptation," George Weber, M.D., Indianapolis; "Enzymic Mechanisms of Hormonal Control of Glycogen Metabolism," Joseph Larner, M.D., Charlottesville; "Amino Acids, Glucagon and Insulin in the Regulation of Gluconeogenesis," Philip Felig, M.D., New Haven; "Studies in Ketogenesis," Daniel W. Foster, M.D., Dallas; "Diabetes Mellitus and Pregnancy—An Animal Model," Daniel H. Mintz, M.D., Miami; "Hypoglycemia in Pediatrics: A Status Report," Lester Baker, M.D., Philadelphia.

The WISCONSIN DIABETES ASSOCIATION in cooperation with the Medical College of Wisconsin, will present a one and a half day seminar entitled "Diabetes for the Practicing

ORGANIZATION SECTION

Physician" at the Marc Plaza Hotel in Milwaukee October 26-27. Guest faculty will include Ann M. Lawrence, M.D., Ph.D., and Arthur H. Rubenstein, M.D., both of Chicago, and Roger H. Unger, M.D., Dallas. Norman H. Engbring, M.D., and Ronald K. Kalkhoff, M.D., both of Milwaukee, are directors of the course, which is approved for ten hours of credit by the American Academy of Family Physicians.

NEWS NOTES

ANNUAL MEETING OF THE AMERICAN DIETETIC ASSOCIATION

The Fifty-sixth Annual Meeting of The American Dietetic Association will be held in Denver, Colorado, October 22-26. The Denver Hilton will be headquarters hotel. Currigan Hall, Denver's exhibition center, will house this year's exhibition of 310 booths featuring displays by food companies, food service equipment manufacturers, book publishers and other related firms.

DIABETES SEMINAR AT LOMA LINDA UNIVERSITY

The third annual seminar in "The Care and Teaching of Diabetics" will be held at Loma Linda University Medical Center in Loma Linda, California, November 12-13. Charles H. Brinegar, Jr., M.D., is Director of the program. The seminar is designed for nurses, dietitians and social workers, and places particular emphasis on psychosocial problems. Arthur Krosnick, M.D., Coordinator of the Diabetes, Endocrine and Metabolic Disease Program of the New Jersey State Department of Health, will be guest speaker. Further information may be obtained from the Department of Education and Training, B108, Loma Linda University Medical Center, Loma Linda, California 92354.

POSTGRADUATE COURSE IN TEXAS

"Diabetes," a one-day postgraduate course in continuing medical education, will be presented by The University of Texas Medical School at San Antonio on October 20 at the Hilton Palacio Del Rio in San Antonio. Fee is \$15.00. The course is approved for six hours of credit by the American Academy of Family Physicians and Category 1, Physician's Recognition Award. Further information may be obtained from Dr. Paul Cutler, Associate Dean for Clinical Affairs, 7703 Floyd Curl Drive, San Antonio, Texas 78284.

SYMPOSIUM ON DIABETES

"Clinical Concepts in Diabetes Mellitus," a one-day symposium, will be presented in the Basic Science Auditorium of the Medical University of South Carolina in Charleston on November 7. The program is jointly sponsored by the Depart-

ment of Medicine, Department of Pediatrics and the Division of Continuing Education of the Medical University of South Carolina. Registration fee is \$10.00.

The morning session will include "Juvenile Diabetes," Hulda J. Wohltmann, M.D., Charleston; "Islet Transplants," Paul E. Lacy, M.D., St. Louis; "Automated Pancreas," J. Stuart Soeldner, M.D., Boston; and "Panel Discussion," Maria G. Buse, M.D., Charleston, Moderator. During the afternoon "Oral Hypoglycemic Agents" will be presented by John A. Colwell, M.D., Ph.D., Charleston; "Diabetic Comas" by Philip W. Felts, M.D., Nashville; and "Hypoglycemia," by Sumer Pek, M.D., Ann Arbor. A "Panel Discussion" with John F. Buse, Jr., M.D., Charleston, as moderator, will conclude the program.

Further information may be obtained from Vince Moseley, M.D., Director, Division of Continuing Education, Medical University of South Carolina, 80 Barre Street, Charleston, South Carolina 29401.

CHILD GUIDANCE WORKSHOP IN PHILADELPHIA

A workshop on the family approach to the management and treatment of psychosomatic problems in children with "brittle" diabetes, "intractable" asthma and anorexia nervosa will be conducted by Dr. Salvador Minuchin and Dr. Lester Baker of the Philadelphia Child Guidance Clinic and the Children's Hospital of Philadelphia. The workshop will be held in Philadelphia in November. Further information may be obtained from Kalman Flomenhaft, D.S.W., 1700 Bainbridge Street, Philadelphia, Pennsylvania 19146.

ASSOCIATION MEMBERS TAKE PART IN POSTGRADUATE COURSES

Lester B. Salans, M.D., Hanover, New Hampshire; Edwin D. Bransome, Jr., M.D., Elaine B. Feldman, M.D., and Thomas A. Huff, M.D., all of Augusta, will participate in a postgraduate course of the American College of Physicians entitled "Decision Making in Internal Medicine" to be held October 29-November 2 at the Medical College of Georgia in Augusta.

Dr. Salans will present "What Approach to the Obese Patient?" during a session on clinical nutrition of which Dr. Feldman will be chairman. Dr. Feldman's subject will be "When To Modify Your Diet; Calories and Lipids." Dr. Bransome will be chairman of the session on endocrinology, during which he will speak on "When and How to Treat Disorders of Antidiuresis?" and Dr. Huff on "What Kind of Insulin Should Be Given for Diabetes Mellitus and When?"

Leona V. Miller, M.D., Los Angeles, will present "Diabetic Ketoacidosis" at a postgraduate course entitled "Management of the Critically Ill Patient," which will be held November 2-4 at the University of Southern California School of Medicine in Los Angeles.

NECROLOGY

WILL W. MOODY, Vaughnsville, Ohio, born in 1919.
