

NEWS OF AFFILIATE ASSOCIATIONS

The MINNESOTA AFFILIATE will present an all-day symposium on diabetes mellitus on February 22. In the morning session, Leona Miller, M.D., Los Angeles, will present "The Team Approach to Treatment of Diabetes Mellitus"; John Service, M.D., Rochester, Minnesota, "Limitations to Urine Testing in Diabetes Mellitus"; and Philip W. Felts, M.D., Nashville, "Acute Complications of Diabetes Mellitus Including Acidosis."

During the afternoon, the Lipid Research Group of the University of Washington in Seattle will present "Lipid Abnormalities in Diabetes Mellitus." Dr. Miller will discuss "Education of the Diabetic Patient in the Physician's Office", and Dr. John Harris and members of the Ophthalmology Department of the University of Minnesota will present a panel on eye complications associated with diabetes mellitus, including slides on retinopathy, laser treatment of retinopathy, and treatment of other complications including cataracts and hemorrhages. Further information may be obtained from Donna Fillmer, Executive Secretary, American Diabetes Association, Minnesota Affiliate, Inc., W-414 Meadowbrook Building, 6490 Excelsior Boulevard, Minneapolis, Minnesota 55426.

NEWS NOTES

INTERNATIONAL SEMINAR ON CARDIOVASCULAR EPIDEMIOLOGY

The Council on Epidemiology and Prevention of the International Society of Cardiology will hold its Eighth Ten-Day International Teaching Seminar on Cardiovascular Epidemiology in Mexico, September 21-October 3, 1975. The seminar is held under the auspices of the International Society of Cardiology and in association with the World Health Organization. Approximately thirty Fellows can be accepted. Final selection will be made by the Council's Seminar Committee. Nominees should be at the post-doctoral level, with some residency training or its equivalent, and should be interested in cardiovascular epidemiology. Limited funds may be available to pay for room and board during the

seminar and to give partial assistance with travel costs for accepted Fellows. Fluency in English is essential.

Candidates are selected on an individual basis and not as representatives of their institutions. Therefore, once selection has been completed, should the candidate be unable to attend, no substitutes not reviewed by the Seminar Committee may be sent as alternates by the institution. Three documents are required for application: a letter of nomination submitted by the chief of the department or institution, a personal letter of application from the nominee, and the applicant's curriculum vitae. These should be received prior to May 1, 1975, the deadline for applications. They should be sent to: Jeremiah Stamler, M.D., Secretary, Council on Epidemiology and Prevention, I.S.C., c/o Northwestern University Medical School, Ward Building, Room 9-105, 303 East Chicago Avenue, Chicago, Illinois 60611.

POSTGRADUATE COURSE IN YUGOSLAVIA

The Second European Postgraduate Course on Diabetology will be held in Dubrovnik, Yugoslavia, April 14-20, 1975, under the auspices of the European Association for the Study of Diabetes, the World Health Organization, and the Medical Faculty of the University of Zagreb. Further information may be obtained from: Prof. Z. Skrabalo, M.D., D.Sc., Institute for Diabetes, 41000 Zagreb, Petrinjska 34, Yugoslavia.
