In the above mentioned article the authors found a mistake in the legend of figure 1. The circle labels should be squares and visa versa. The correct figure caption is herewith given:

Fig. 1. Time-dependent killing of hipA7 E. coli by antibiotics. An exponential phase culture of E. coli wild-type (HM21, circles) and hipA7 (HM22, squares) was treated with ampicillin (100 μg ml⁻¹) (A) or ofloxacin (5 μg ml⁻¹) (B) for 3 h. The values are averages of three replicates and error bars indicate the standard deviation.
