(Received 12 November 2013; published online 17 December 2013)

[<http://dx.doi.org/10.1063/1.4842135>]

This article was originally published online on 21 February 2013 with a typographical error in the title and in the first sentences of the abstract and the introduction. Wherever " $\text{Pb}_x\text{Zr}_{1-x}\text{TiO}_3$ " appeared in these

three instances has been changed to "lead zirconate titanate." All online versions of the article were corrected on 14 November 2013. The title appears correctly above.
