Letter to the Editor

Revisiting Minimal Incision Brachioplasty

To the Editor:

Additional articles on this technique were also published, including the following:

In fact, upon discussion with Dr. Richards about the technique last year, one of us (B.T.) sent him copies of the first two references, and he had plenty of time to correct this omission prior to his publication. Moreover, one would hope that prior to submitting an original work to such a prestigious journal as Aesthetic Surgery Journal, he would have done a better review of available literature.
