

Organization Section

NEW MEMBERS

The following were elected to the Professional Section as of July 1981:

Doris G. Bartuska, MD, Philadelphia, PA
Lavernna L. Bayer, RN, Sunrise, FL
Richard A. Becker, MD, San Antonio, TX
Charles J. Blair, MD, Richmond, VA
Katherine M. Bozzi, RN, Greenwich, CT
Lois N. Campbell, RN, Rockville, MD
Robert G. Cheron, MD, Port Washington, NY
Amita Dasmahapatra, MBBS, Buffalo, NY
Carol M. Donisi, RD, Tucson, AZ
Angela R. Dunbar, RN, Rancho Mirage, CA
Kaye R. Fichman, MD, Oakland, CA
David N. Finegold, MD, Philadelphia, PA
Donald J. Fletcher, PhD, Richmond, VA
Marc S. Frager, MD, Boca Raton, FL
Joseph M. Gibas, RPh, Bay City, MI
Lowell E. Golter, MD, Cincinnati, OH
Rebecca A. Goodwin, RD, Birmingham, AL
Antoine Kaldany, MD, Boston, MA
Phyllis C. Keith, RN, Fort Lauderdale, FL
Stephen F. Kemp, MD, PhD, Mobile, AL
David C. Klonoff, MD, San Francisco, CA
Ruth M. McFarland, PT, Victoria, Australia
Jane Mehl, RN, Columbia, SC
Joyce D. Mills, RD, Big Spring, TX
Angel O. Pietri, MD, Dallas, TX
Peterman R. Prosser, MD, New Orleans, LA
Vilma M. Rabell, MD, Rio Piedras, Puerto Rico
R. A. Ramanujan, MD, Binghamton, NY
Cheryl L. Reames, RD, Emporia, KS
Donald S. Seery, BS, Wichita, KS
Irene N. Sills, MD, Buffalo, NY
Lita O. Silva, RN, Harlingew, TX
Lewis G. Smith, Jr., MD, West Lafayette, IN
Peter W. Stacpoole, MD, PhD, Gainesville, FL
Dan A. Streja, MD, Canoga Park, CA
David J. Transue, MD, Pittsburgh, PA
Timothy W. Valk, MD, Boca Raton, FL
Gustavo A. Vallejo, MD, Burlington, VT
Ammon L. Ver Dught, MD, Independence, MO
Ruth G. Warren, RN, Signal Mountain, TN
James Williams, Jr., MD, Anniston, AL

NOMINATIONS FOR LILLY AWARD DUE DECEMBER 1, 1981

The 1982 Lilly Award will be given at the forty-second Annual Meeting of the American Diabetes Association. The following stipulations govern the contest for this annual award, which is supported by Eli Lilly and Company and consists of \$2,000 and a medal.

PURPOSE: To recognize demonstrated research in the field of diabetes, taking into consideration independence of thought and originality.

ELIGIBILITY: Any investigator in an appropriate field of work closely related to diabetes who is less than forty years of age on January 1, 1982. The research will not necessarily be judged in comparison with the work of more mature and experienced workers. The candidate should be a resident of the United States or Canada.

NOMINATION: Nominations for the award will be solicited from members of the American Diabetes Association. Such nominations will be requested by repeated notices to be published in

Diabetes and Diabetes Care. Nominations must be received prior to December 1, 1981. The nominations should be accompanied by full information concerning the nominee's personality, training, and research work. Eleven copies of each item should be submitted. No member may send in more than one nomination. The nominee should be actively engaged at that time in the line of research for which the award is to be made. Nominations should be addressed to the Committee on Research, American Diabetes Association, Inc., Two Park Avenue, New York, New York 10016.

AWARD: In addition to the monetary award and medal, travel expenses will be given to make it possible for the recipient to receive the award in person at the Annual Meeting.

ANNOUNCEMENT: The name of the winner will be announced in *Diabetes and Diabetes Care*. The winner will be invited to present a paper on his or her work at the Annual Meeting's Scientific Sessions.

ADA RESEARCH AND DEVELOPMENT AWARD

Applications for Research and Development Awards for the academic years 1982-83 and 1983-84 are due *December 4, 1981*. The following policies regarding this award have been established by the Committee on Research:

ELIGIBILITY: Applicants must be members of university-affiliated institutions within the United States or U.S. possessions, and be a U.S. citizen or have permanent resident status; have an M.D. or Ph.D. degree, or in the case of other health professions, an appropriate advanced degree; have at the time of the award a minimum of two, and preferably no more than five years of postdoctoral research experience with relevant diabetes-related accomplishments and publications (time spent in residency training is not considered equivalent to research experience); agree to devote at least 80 percent of time and effort to their research project during the period of the award; and be a member or agree to become a member of the National Professional Section of the American Diabetes Association if funded.

STIPEND: Support is for a period of two years and is non-renewable. Salary stipend is \$25,000 per year plus the customary fringe benefits of the sponsoring institution for which the recipient of the award qualifies. The institution may supplement the salary to the level appropriate to the institution. Research grant support will be \$15,000 in each of the two years. These funds are intended to defray the support each year of a technician, and/or for supplies with travel for the recipient restricted to a maximum of \$1,000 and equipment to a maximum of \$1,000. A recipient will not be eligible to receive a separate American Diabetes Association Research Grant during the term of the Development Award.

TERM: The award will be made for two academic years, from July 1 to June 30, but the funding of the second year will be approved by the Committee on Research only on receipt of a report satisfactory to them of the recipient's research activities and progress.

APPLICATION FORMS: Descriptive outlines and application forms may be obtained from the Contracts and Grants office of your institution or from Hope Hodson, American Diabetes Association, Inc., Two Park Avenue, New York, NY 10016. Telephone: (212) 683-7444.

ADA FEASIBILITY GRANT PROGRAM

Applications for Research Grants from the American Diabetes Association are due *February 1, 1982* for funding beginning August 1, 1982. Applications for two years of support for amounts up to \$25,000 per year will be considered. Funding for the second year will be provided only upon receipt of a report satisfactory to the Committee on Research of the recipient's research activities and progress. Research Grants submitted to Affiliates of the American Diabetes Association for amounts over \$10,000 will be submitted to the national Committee on Research for national peer review. Grants are limited to institutions within the United States and U.S. possessions. Recipients may not transfer grants, in whole or in part, between institutions without prior approval of the Committee on Research. These grants carry no commitment for overhead costs or tuition. The funds may not be used for training stipends, postdoctoral fellowships, professional salaries, or other non-technical salaries. Otherwise, the funds are unencumbered other than that they are to be used in research activities related to diabetes mellitus for the project described, in the year of the award. The funds may be used for equipment and/or supplies and/or salary for technical assistance. Funds up to \$1,000 may also be used for travel to diabetes-related scientific meetings.

The purpose of this program is to assist investigators who want to test the feasibility of diabetes-related new and imaginative ideas in order to obtain preliminary data upon which a subsequent research grant application could be based and submitted to NIH or other funding agencies. The program is intended primarily for new investigators without prior NIH or other significant support, for established investigators in the field of diabetes who are proposing projects which constitute a major departure from their ongoing research, or for established investigators in other fields who are proposing projects in which they will transfer their special expertise to diabetes-related research.

Descriptive outlines and application forms may be obtained from the Contracts and Grants office of your institution or from Hope Hodson, American Diabetes Association, Inc., Two Park Avenue, New York, NY 10016. Telephone: (212) 683-7444.

New of Affiliate Associations

ANNUAL SYMPOSIUM FOR HEALTH CARE PROFESSIONALS

The American Diabetes Association, Northern Illinois Affiliate announces their Annual Symposium for Physicians, Nurses, Dietitians, and Other Health Care Professionals, which will be held October 14, 15, and 16 at the Palmer House in Chicago. For further information, contact the American Diabetes Association, Northern Illinois

Affiliate, Inc., 6 North Michigan Avenue, Suite 1202, Chicago, IL 60602.

ADA MASSACHUSETTS AFFILIATE SPONSORS SCIENTIFIC MEETING

On Wednesday, October 14, 1981, the American Diabetes Association, Inc. will sponsor its annual Scientific Meeting from 7:30 to 9:30 p.m. at the University of Massachusetts Medical Center in Worcester, Massachusetts.

The presentation of scientific papers will begin at 7:30 p.m. Jesse Roth, M.D., recipient of the Elliott P. Joslin medal, will present the 20th annual Joslin Memorial Lecture at 8:30.

For further information, please contact the American Diabetes Association, Massachusetts Affiliate, 377 Elliot Street, Newton Upper Falls, Massachusetts 02164.

SOUTHWEST REGIONAL DIABETES SYMPOSIUM

On October 9 and 10, 1981, the American Diabetes Association New Mexico Affiliate will sponsor the Southwest Regional Diabetes Symposium in Albuquerque, New Mexico. The theme will be "Advances in Diabetes Management." For further information, write to the American Diabetes Association, New Mexico Affiliate, 525 San Pedro NE, Suite 100, Albuquerque, New Mexico 87108, or call (505) 266-5716.

29th ANNUAL SYMPOSIUM NEW YORK DIABETES AFFILIATE

The Clinical Society of the American Diabetes Association—New York Diabetes Affiliate will present its 29th Annual Symposium on Saturday, October 17th, at the New York University Medical Center.

The program, which runs from 9:30 a.m. to 4:30 p.m., will include the following speakers: Drs. Paul Lacy, St. Louis; Arthur Like, Worcester, Mass.; Errol Marliss, Toronto; Gerald Reaven, Palo Alto; Mladen Vranic, Toronto. The Herman O. Mosenthal Memorial Lecture will be delivered by Dr. Rachmiel Levine, Deputy Director for Research (Emeritus), City of Hope Medical Center, Duarte, California.

For registration information, contact the American Diabetes Association—New York Diabetes Affiliate, 55 West 39th Street, New York, New York 10018, or call (212) 944-7899.

41st ANNUAL MEETING AWARDS

The following awards were presented at the American Diabetes Association, Inc., 41st Annual Meeting Awards Banquet, June 13, 1981.

The Ames Award: Barbara Christman Adair, R.N., M.S.N.

The Lilly Award: C. Ronald Kahn, M.D.

The Pfizer Award: James M. Moss, M.D.

The Upjohn Award: John W. Runyan, Jr., M.D.

The Banting Medal: Lelio Orci, M.D.

The Becton-Dickinson Award: Samuel Eichold, M.D.

Diabetes in Youth Award: Paul B. Madden, Ed.M.

Outstanding Affiliate Service Award: Gilbert L. Marks (posthumous)

Addison B. Scoville Award: Alvin Z. Levine

Charles H. Best Medal: David M. Kipnis, M.D.

Best Medal for Service: Benjamin Greenspoon

Banting Medal for Service: Donald I. Bell, M.D.

INSULIN AND ITS USAGE IN DIABETES

The Research Society for the Study of Diabetes in India is sponsoring a one-day symposium on insulin and its usage in diabetes, which is scheduled for November 12, 1981. The objective of the symposium is to bridge the research information with clinical applications with respect to biochemistry, immunology, and possible future insulins.

For further information, contact Dr. M. M. S. Ahuja, Professor and Head, Department of Medicine, All India Institute of Medical Sciences, New Delhi-110029, India.

CLINICAL MANAGEMENT OF DIABETES AND ENDOCRINE DISORDERS

The Third Annual Hilton Head Symposium on the "Clinical Management of Diabetes and Endocrine Disorders," cosponsored by the Medical College of Georgia, the Medical University of South Carolina, and the CSRA Diabetes Education Association will be held at the Sea Pines Plantation, Hilton Head Island, South Carolina on October 14-17, 1981. The course, designed for practicing physicians, will offer 16.5 continuing education credit hours.

For further information, contact Edward Bransome, Jr., M.D., at the Medical College of Georgia, Augusta, Georgia 30912, or call him at (404) 828-3445.

60th ANNIVERSARY OF INSULIN

To commemorate the 60th anniversary of the discovery of insulin, there will be a "Diabetes and Insulin" symposium on October 29 and 30, 1981 in the Banting and Best Diabetes Centre at the University of Toronto.

For further information, contact Dr. E. A. Sellers, Room 4358, Medical Sciences Building, University of Toronto, Toronto, Ontario M5S 1A8, Canada.

COURSE ON ADULT-MATURITY ONSET DIABETES

The Department of Medicine and the Page and William Black Post-Graduate School of Medicine of the Mount Sinai School of Medicine (CUNY) announce a postgraduate course, "Adult-Maturity Onset Diabetes," under the direction of Max Ellenberg, M.D., W. Virgil Brown, M.D., and guest faculty. The course will be given from 9:00 a.m. to 5:00 p.m. on Friday, November 20, 1981 at the Mount Sinai Medical Center in New York, New York. The Page and William Black Post-Graduate School of Medicine certifies that this course meets the criteria for Category I of the Physician's Recognition Award of the American Medical Association.

Apply to Director, The Page and William Black Post-Graduate School of Medicine, Mount Sinai School of Medicine, One Gustave L. Levy Place, New York, New York 10029; phone (212) 650-6737.

DIABETES, INSULIN, AND THE INSULIN RECEPTOR

The Pharmaceuticals Division of the Ciba-Geigy Corporation in cooperation with Drew University will hold their Fifth Annual Symposium, entitled, "Diabetes, Insulin, and the Insulin Receptor," from 1:30 to 5:30 p.m. on Tuesday, October 20, 1981. The symposium will be held in the Baldwin Gymnasium of Drew University in Madison, New Jersey, and will include presentations of the Ciba-Geigy Drew Award in Biomedical Research to Donald F. Steiner, M.D. and Carl Ronald Kahn, M.D. The proceedings will be introduced and moderated by Daniel W. Foster, M.D.

For further information, contact George deStevens, Ph.D., Drew University, Madison, New Jersey 07940.
