CLINICAL DIABETES NEWSLETTER

The American Diabetes Association is pleased to announce the pioneer issue (January/February 1983) of its new bimonthly professional newsletter, *Clinical Diabetes*. *Clinical Diabetes* is a practical guide for primary care physicians, keeping them up to date on the latest advances in the care and treatment of patients with diabetes. Topics will include new glucose monitoring techniques, insulin preparations, insulin delivery systems, oral agents, and detection and treatment of complications. All of ADA's National Professional Members will receive *Clinical Diabetes* as an additional benefit.

THE TWENTIETH ANNUAL COLORADO DIABETES INSTITUTE

The Twentieth Annual Colorado Diabetes Institute will be held in Vail, Colorado March 2-6, 1983. This seminar will present new aspects of glucose metabolism, diabetic control, the role of exercise and education in diabetic programs, management of the adolescent and obese diabetic, and the current methods of insulin administration. Postgraduate credit will be awarded.

For further information, contact Arnold R. Schwanke, Executive Director, American Diabetes Association, Colorado Affiliate, 2450 South Downing, Denver, Colorado 80210. Tel: (303) 778-7556.

ADVANCED COURSE IN ENDOCRINOLOGY

The British Postgraduate Medical Federation will sponsor a course entitled "Advanced Course in

Endocrinology" April 25-May 13, 1983. The fee is £400. Further information and application forms are available from the Courses Department, British Postgraduate Medical Federation, 33 Millman Street, London, WC1, England.

COMPUTERS IN ENDOCRINOLOGY

The Chair of Endocrinology of the University of Sassari and the Postgraduate School of Endocrinology of the University of Florence will sponsor a training course on "Computers in Endocrinology" May 30 to June 1, 1983 at Porto Cervo, Sardinia, Italy. The course will consist of morning lectures, afternoon workshops, and laboratory demonstrations. Only 80 participants will be accepted and the registration fee is \$250 or Lit. 300.000.

For further information, please contact Prof. Mario Serio, Postgraduate School of Endocrinology, University of Florence, Viale Morgagni, 85, 50134 Florence, Italy.

INTERNATIONAL SYMPOSIUM ON DIABETES AND NUTRITION

An International Symposium on "Diabetes and Nutrition" will be held in Rethymnon Crete, Greece, on June 24-26, 1983, under the auspices of the European Association for the Study of Diabetes. The program will include lectures, panel discussions, and free communications related to the subject. Abstracts in English are invited but should not exceed one typed page and must be submitted no later than March 31, 1983.

For more information, contact Paris D. Christopoulos, M.D., Associate Professor of Medicine, 3 Hatzizianni Mexi Street, Athens T.612 Greece. Abstracts should be sent to B. G. Karamanos, M.D., Associate Professor of Medicine, 41 Ypsilantou Street, Athens T.141 Greece.
