FLORIDA AFFILIATE SCIENTIFIC MEETING

The American Diabetes Association—Florida Affiliate will conduct its 31st Annual Professional Course May 26–29, 1983 in Orlando, Florida at the Orlando Marriott, 8001 International Drive. The location is just ten minutes from Disneyworld's new attraction, EPCOT.

The charge for the course is \$100.00 for physicians and \$35.00 for RNs and RDs. The course is free for residents and student nurses of Florida schools. For further information, contact the Florida Affiliate, P.O. Box 19745, Orlando, Florida 32814. Tel: (305) 894-6664.

HYPERTENSION ASSOCIATED WITH DIABETES MELLITUS

The First International Symposium on Hypertension associated with Diabetes Mellitus (satellite to the International Society of Hypertension Meeting) will be held in Bern, Switzerland, June 22–23, 1984. For further information, please contact J. G. Peristiany, Ph.D., ARTEM, 27 rue du Pont, 92202—Neuilly sur Seine Cedex, France.

EIGHTH EUROPEAN SYMPOSIUM ON HORMONES AND CELL REGULATION

The Eighth European Symposium on Hormones and Cell Regulation will be held in Sainte-Odile, France (near Strasbourg) September 26–30, 1983. The aim of this symposium is to present reviews of recent advances in general lectures and communications of recent unpublished results in posters, both being analyzed at length in general discussions. Topics will include cyclic AMP, cyclic GMP, and calcium as signals; control of intermediary metabolism by insulin; neurochemistry; steroids and gene expression; control of cell multiplication by growth factors; and signals in development and differentiation.

Detailed information on the program and registration is available from the secretariat: Dr. J. E. Dumont, Institute of Interdisciplinary Research, Faculty of Medicine, Free University of Brussels, Campus Hôpital Erasme, 808 route de Lennik, B-1070 Brussels, Belgium.

CHILTON CONFERENCE ON INOSITOL AND PHOSPHOINOSITIDES

The Chilton Conference on Inositol and Phosphoinositides will be held at the University of Texas Health Science Center at Dallas January 9–11, 1984. This international scientific conference, sponsored by the Chilton Foundation and the University of Texas Health Science Center at Dallas, will deal with the metabolism and functions of myo-inositol and phosphoinositides.
