

AMERICAN SOCIETY OF HEMATOLOGY
SIXTEENTH ANNUAL MEETING, 1973
CHICAGO, ILLINOIS
December 1-4

The American Society of Hematology will meet December 1-4, 1973, at the Conrad Hilton Hotel in Chicago. On Saturday afternoon and Sunday morning, December 1 and 2, Scientific Subcommittees will present symposia concurrently with the program of the Education Committee. Complete programs for these symposia will be published in the September issue of *Blood*.

<i>SUBCOMMITTEE (Chairman)</i>	<i>TOPIC FOR SYMPOSIUM</i>
Erythropoietin (J. W. Fisher)	Erythropoietin (progress, purification, action, assay, clinical trials steroids)
Hemostasis (H. L. Nossel)	Basic Mechanisms of Thrombosis (activation, regulation, diagnosis, treatment, influence of blood flow)
Leukocyte Physiology (D. Zucker-Franklin)	The Monocyte (ultrastructure, phagocytosis, immunology, colony stimulation)
Cell Proliferation (J. W. Goodman)	Cell Replication (basic, hematopoietic, and clinical aspects)
Hemoglobin (E. R. Burka)	Thalassemia (molecular aspects, control mechanisms)
Immunohematology (R. H. Aster)	Immunologic Aspects of Human Leukemia (tumor antigens, host defense, immunotherapy)

The first three will be presented on Dec. 1; the last three on Dec. 2. The Presidential Symposium on Cell-Cell Interaction will be presented Sunday afternoon, December 2. Submitted scientific papers will be presented on December 3 and 4; a plenary session will be held during the morning of December 3. Simultaneous scientific sessions will be held during the afternoon of December 3 and all day December 4.

**PREREGISTRATION
EDUCATIONAL PROGRAM
AMERICAN SOCIETY OF HEMATOLOGY MEETING,
DECEMBER 1 AND 2, 1973
Chicago, Illinois**

Sessions on the following topics will be presented:

- | | |
|--|---|
| <input type="checkbox"/> Immunohematology | <input type="checkbox"/> Newborn and Pediatric Hematology |
| <input type="checkbox"/> Hemoglobinopathies | <input type="checkbox"/> Problems in Hematology |
| <input type="checkbox"/> Platelets | <input type="checkbox"/> Drug Reactions |
| <input type="checkbox"/> Lymphomas | <input type="checkbox"/> Polycythemia Vera |
| <input type="checkbox"/> Acute Leukemias | <input type="checkbox"/> Hemostasis-Thrombosis |
| <input type="checkbox"/> Monoclonal Gammopathies | <input type="checkbox"/> Aplastic Anemia |
| <input type="checkbox"/> Chronic Leukemia | <input type="checkbox"/> Hematologic Effects of Alcohol |
| <input type="checkbox"/> Morphology | <input type="checkbox"/> Defense Mechanisms |
| <input type="checkbox"/> Pharmacology of Antineoplastic Agents | <input type="checkbox"/> Hemolytic Anemias |
| <input type="checkbox"/> Laboratory Hematology | |

Please check up to six sessions you wish to attend and return to Dr. Richard R. Streiff at the address below. You may enclose a list of items of particular interest to you in the sessions you have checked, and we will do our best to emphasize these points.

An audiovisual exhibit of educational materials will include programs already reviewed by the Educational Committee and also will provide space for additional programs of an educational type that you would like to submit for showing and evaluation. Please notify Dr. Streiff before October 1, 1973, of any material you wish to submit. You should include the type of program and some information on the audiovisual equipment necessary.

Depending upon the response, we plan an informal "Meet the Professor" luncheon in groups of ten to twelve. Luncheon will be "no host" and will cost approximately \$6.00. Please check here if you wish to participate.
