

Organization Section

NEW MEMBERS

The following were elected to the Professional Section as of September 1985:

Youhern Ahn, MD, Staten Island, NY
Iqbal Akhter, MD, Chicago, IL
Hazel U. Alberas, Placentia, CA
Johnnie Ayers, MD, Kokomo, IN
Sydney Anne Belanger, BS, Union City, CA
Austin P. Boggan, MD, Decatur, MS
Philip M. Brenes, MD, Vancouver, WA
Laura Byham, BS, Lake City, PA
Patricia Cane, PhD, Los Angeles, CA
Robert I. Chapnick, MD, San Leandro, CA
Lynne M. Cihal, RP, Lincoln, NE
Michelle M. Condon, MD, Grand Haven, MI
Mary K. Crabtree, BSN, San Francisco, CA
Phyllis A. Crapo, RD, La Jolla, CA
Henry D. Cuadra, MD, Mayaguez, Puerto Rico
Floyd L. Culler, MD, La Jolla, CA
Helen Cyr, RD, Freeport, TX
Corwin F. De Marse, MD, Flagstaff, AZ
Alicia Dermer, MD, New Brunswick, NJ
Stephen Diamantoni, MD, Lancaster, PA
Vilma Diaz, RN, Ruskin, FL
Mary Di Salvo, BSN, Cincinnati, OH
Steven A. Drell, MD, Sherman Oaks, CA
Ursula J. Easterday, RN, Indianapolis, IN
Aldo M. Fasoglio, MD, Copiague, NY
David G. Florence, DO, Manchester, TN
Elizabeth Flower, BSN, Phoenix, AZ
James M. Franck, MD, Ironwood, MI
Shelley Gardner, RD, Albiene, TX
Elyse W. Glaser, MD, Decatur, GA
Harry Goldsmith, DPM, Paramount, CA
Rebecca L. Hacker, RD, Columbus, OH
Mary Hackimer, BSN, Pittsburgh, PA
Ruth Van Haitsma, MS, Waukesha, WI
Shelia G. Hartshorn, RN, ASN, Amherst, MA
Dolores S. Hatfield, BS, MC Minnville, OR
Frances O. Hazzard, RD, Shreveport, LA
Robert A. Helminiak, MD, Sheboygan, WI
Dale Hobbs, BHSc, Ontario, Canada
Carol J. Homko, BSN, Beacon Falls, CT
Judith A. C. Hopkins, PhD, Round Lake, IL
Linda Horowitz, RD, Riverdale, NY
Sarah M. Hunt, RN, Orlando, FL
Sho Isogai, MD, Yokohama, Japan
Jack A. Jaffe, MD, FCCS, Panorama City, CA
Satkari Jash, MD, Barberton, OH
George Kadian, MD, Birmingham, MI
Steven Kahn, MD, Penn Valley, PA
Donald M. Kanter, MD, Stamford, CT
David Kelly, MD, Rochester, MN
Kazuyoshi Kikuchi, MD, Tokyo, Japan
Cecil S. Kim, MD, Newburgh, NY
Karen Kramer, BS, Storrs, CT
Kaul Kuldip, MD, Houston, TX
Savita Kumar, MD, MSPH, Delray Beach, FL
Stanley Lang, MD, DuBois, PA
Paul Latour, MD, Nashville, TN
Catherine Lazansky, RN, New Rochelle, NY
Seymour C. Lefton, C.Ped., Albuquerque, NM
Steven A. Leveston, MD, Albany, NY
Donald Lieske, RN, Richmond, CA
Bruce Lowell, MD, Flushing, NY
Terry Lumber, BSN, Washington, DC
Marjorie Maxwell, RD, St. Louis, MO
Robert McNally, PhD, Sarasota, FL
M. Therese Michaud, MSN, Augusta, ME
Nighat Mirza, MD, Edgewater, NJ
Donna Neiswender, BS, Swainton, NJ
Neil L. Nemeck, MD, Coeur D'Alene, ID
Philip Pantle, DO, Broomall, PA
Virginia Peragallo, Mineola, NY
Raymond Petkus, MD, Chicago, IL
Ross A. Pope, DO, Oklahoma City, OK
Leonid Poretsky, MD, New York, NY
William F. Price, MD, Spartanburg, SC
Miriam Prosser, MS, Rowland Heights, CA
Randall S. Reimer, MD, Everett, WA
Paul Richard, MD, Madison, NJ
Helen M. Roberts, MS, Bakersfield, CA
Susan E. Rothrock, RD, Covina, CA
Joan M. Rupp, RD, North Canton, OH
Ernie L. Sandidge, MD, Las Vegas, NV
Susan Saul, MA, New York, NY
Edward W. Schreck, DO, Athens, OH
Robert E. Sharrock, MD, Bryan, OH
Peter Sherline, MD, New York, NY
Deborah G. Smith, RN, N. Tonawanda, NY
Frances L. Smith, RD, Newhall, CA
Mindy J. Sotsky, MD, Mount Vernon, NY
Martha P. Strien, BS, Normal, IL
A. E. Sufficool, MBA, Spring Valley, CA
Lori Sullivan, RD, Northbrook, IL
Nalini Tella, MD, Kansas City, MO
Judy A. Tillapaugh, BS, Ft. Wayne, IN
Carol Tilman, RN, Tulsa, OK
Debra L. Tindle, RD, Whittier, CA
Myrick N. Triplett, MD, Sherman, TX
Mary C. Trotto, MA, Smithtown, NY
Georgia A. Walter, MPH, Papillion, NE
Phyllis Wardwell, RN, MSN, Bangor, ME
Marylou Watson, RN, Apopka, FL
Cassandra L. Welch, MD, Milwaukee, WI
Gail T. Weldon, PA, Kansas City, KS
Monica Lee Wong, RD, Honolulu, HI
Richard L. Wooten, MD, Memphis, TN

James W. Wright, MD, Austin, TX
Michael Wylly, DO, Stilwell, OK
Dummi P. Yathiraj, MD, Fairfield, OH
Hannele Yki-Jarvinen, MD, Helsinki, Finland
Zeljko Zic, MD, San Pedro, CA
David C. Ziemer, MD, Augusta, GA

ADA 1986 ABSTRACT DEADLINE

The abstract deadline for the ADA's 46th Annual Scientific Sessions Meeting is January 14, 1986. Abstract forms have been inserted in the September/October issue of *Diabetes Care* and the October issue of *Diabetes*. Abstract forms may also be obtained from Sharon Alleyne, American Diabetes Association, Inc., 2 Park Avenue, New York, New York 10016.

ADA RESEARCH AND DEVELOPMENT AWARD

Applications for Research and Development Awards for the academic years 1986-87 and 1987-88 are due December 2, 1985. The following policies regarding this award have been established by the Committee on Research.

ELIGIBILITY: Applicants must be members of university-affiliated institutions within the United States or U.S. possessions, and be a U.S. citizen or have permanent resident status; have an M.D. or Ph.D. degree, or in the case of other health professions, an appropriate advanced degree; have at the time of the award a minimum of two, and preferably no more than five years of postdoctoral research experience with relevant diabetes-related accomplishments and publications (time spent in residency training is not considered equivalent to research experience); agree to devote at least 80 percent of time and effort to their research project during the period of the award, and be a member or agree to become a member of the National Professional Section of the American Diabetes Association if funded.

STIPEND: Support is for a period of two years and is non-renewable. Salary stipend is \$25,000 per year plus the customary fringe benefits of the sponsoring institution for which the recipient of the award qualifies. The institution may supplement the salary to the level appropriate to the institution. Research grant support will be \$15,000 in each of the two years. These funds are intended to defray the support each year of a technician and/or for supplies, with travel for the recipient restricted to a maximum of \$1,000 and equipment restricted to a

maximum of \$1,000. A recipient will not be eligible to receive a separate American Diabetes Association Feasibility Grant during the term of the Development Award.

TERM: The award will be made for two academic years, from July 1 to June 30, but the funding of the second year is dependent upon the approval by the Committee on Research of the recipient's research progress report.

APPLICATION FORMS: Descriptive outlines and application forms may be obtained from the Contracts and Grants office of your institution or from Lauren Smith, American Diabetes Association, Inc., 2 Park Avenue, New York, New York 10016.

NOMINATIONS FOR LILLY AWARD DUE DECEMBER 13, 1985

The 1986 Lilly Award will be given at the forty-sixth Annual Meeting of the American Diabetes Association. The following stipulations govern the contest for this annual award, which is supported by Eli Lilly and Company and consists of \$2,000 and a medal.

PURPOSE: To recognize demonstrated research in the field of diabetes, taking into consideration independence of thought and originality.

ELIGIBILITY: Any investigator in an appropriate field of work closely related to diabetes who is less than forty years of age on January 1, 1986. The research will not necessarily be judged in comparison with the work of more mature and experienced workers. The candidate should be a resident of the United States or Canada.

NOMINATION: Nominations for the award will be solicited from members of the American Diabetes Association. Such nominations will be requested by repeated notices to be published in *Diabetes* and *Diabetes Care*. Nominations must be received prior to December 13, 1985. The nominations should be accompanied by full information concerning the nominee's personality, training, and research work. Fifteen copies of each item should be submitted. No member may send in more than one nomination. The nominee should be actively engaged at that time in the line of research for which the award is to be made. Nominations should be addressed to the Committee on Research, American Diabetes Association, Inc., 2 Park Avenue, New York, New York 10016.

AWARD: In addition to the monetary award and medal, travel expenses will be given to make it possible for the recipient to receive the award in person at the Annual Meeting.

ANNOUNCEMENT: The name of the winner will be announced in *Diabetes* and *Diabetes Care*; the winner will be invited to present a paper on his or her work at the Annual Meeting's Scientific Sessions.

LIONS CLUBS INTERNATIONAL RESEARCH PROGRAM

The American Diabetes Association is proud to have been selected once again to administer the Lions Clubs International Research Program for 1986. This program funds research grants in the United States and throughout the world. Grants are restricted to research related to **diabetic retinopathy** and may be in the form of Pilot and Feasibility Grants, Research and Development Awards, and Fellowships. Deadline for applications is December 16, 1985. For applications, contact the American Diabetes Association, Inc., 2 Park Avenue, New York, New York 10016. **ATTENTION:** Lions Clubs International Research Program.

ADA FEASIBILITY GRANT PROGRAM

Applications for Feasibility Grants from the American Diabetes Association are due February 3, 1986 for funding beginning August 1, 1986. Applications for two years of support for amounts up to \$25,000 per year will be considered. Funding for the second year is dependent upon the approval by the Committee on Research of the recipient's progress re-

port and budget. Grants are limited to institutions within the United States and U.S. possessions. These grants carry no commitment for overhead costs or tuition. The funds may **not** be used for training stipends, postdoctoral fellowships, professional salaries, or other nontechnical salaries. Otherwise, the funds are unencumbered other than that they are to be used in research activities relating to diabetes mellitus for the project described in the year of the award. The funds may be used for equipment and/or supplies and/or salary for technical assistance. Funds up to \$1,000 may also be used for travel to diabetes-related scientific meetings.

The purpose of this program is to assist investigators who want to test new and imaginative diabetes-related ideas in order to obtain preliminary data upon which a subsequent grant application could be based and submitted to NIH or other funding agencies. The program is intended primarily for new investigators without prior NIH or other significant support; for established investigators in the field of diabetes who are proposing projects which constitute a major departure from their ongoing research; or for established investigators in other fields who are proposing projects in which they will transfer their special expertise to diabetes-related research. Investigators who have previously received pilot and feasibility money may not reapply for such funding in the same area of work.

Descriptive outlines and application forms may be obtained from the Contracts and Grants office of your institution or from Lauren Smith, American Diabetes Association, Inc., 2 Park Avenue, New York, New York 10016.

ADA FUTURE MEETINGS

33rd Postgraduate Course: January 17-19, 1986, Waldorf Astoria, New York, New York.

46th Annual Meeting: June 19-24, 1986 (Scientific Sessions, June 22-24, Anaheim Convention Center), Anaheim, California.

34th Postgraduate Course: January 26-28, 1987, Orlando Marriott Resort, Orlando, Florida.

47th Annual Meeting: June 4-9, 1987 (Scientific Sessions, June 7-9, Indianapolis Convention Center), Indianapolis, Indiana.

35th Postgraduate Course: January 13-15, 1988, Marriott's Desert Spring Resort, Palm Desert, California.

48th Annual Meeting: June 9-14, 1988 (Scientific Sessions, June 12-14, New Orleans Convention Center), New Orleans, Louisiana.

XII INTERNATIONAL KARLSBURG SYMPOSIUM

The XII International Karlsburg Symposium on Problems of Diabetes will be held on June 17-19, 1986, at the Central Institute of Diabetes "Gerhardt Katsch," Karlsburg, German Democratic Republic. The subject will be the etiopathogenesis of type I diabetes. Deadline for receipt of abstracts is December 6, 1985. For further information contact Dr. Uwe Fischer, Organizing Committee, XII International Karlsburg Symposium, Zentralinstitut für Diabetes, DDR-2201 Karlsburg, German Democratic Republic.

IMMUNOLOGY OF DIABETES SYMPOSIUM

The Muttart Diabetes Research and Training Centre at the University of Alberta, Edmonton, Canada, is hosting an international symposium on the immunology of diabetes from June 26 to 28, 1986. It is a satellite symposium of the 6th International Congress of Immunology of Toronto, and is co-sponsored by the Canadian Diabetes Association, the American Diabetes Association, and the International Diabetes Federation. The program will consider such topics as genetic susceptibility and immunopathology, environmental factors contributing to diabetes, and immunology of insulin. Issues in transplantation will also be discussed. A format of

plenary sessions, workshops, and poster sessions will be followed. For further information contact G. D. Molnar, M.D., Co-Chairman, Room 8-113F Clinical Sciences Building, University of Alberta, Edmonton, Alberta, Canada, T6G 2G3. Tel: (403) 432-6855.

"PASSAGES: DIABETES THROUGH LIFE'S STAGES" OFFERED BY MASSACHUSETTS AFFILIATE

A two-day program focusing on diabetes and its complications from infancy to adulthood will be held in Boston, on November 19-20, 1985. Presentations will range from such areas as meal planning with young children and pregnancy problems on day one, to early detection and management of complications, and attitude analysis on the second day of the program. The cost is \$50/day (\$80/2 days) and 6.9 CEU's are offered for attendance. For more information contact Karen K. Swindell, Director of Programming, American Diabetes Association, Massachusetts Affiliate, 377 Elliot Street, Newton Upper Falls, Massachusetts 02164. Tel: (617) 965-2323.

COLORADO AFFILIATE SPONSORS DIABETES INSTITUTE

The Colorado Affiliate, Inc., of the American Diabetes Association will sponsor the 23rd Annual Colorado Diabetes Institute on January 29-February 2, 1986, at the Holiday Inn in Vail, Colorado. The program is designed for physicians and all health care professionals involved in the management of patients with diabetes mellitus. The objectives of the course are to present a comprehensive update of current issues regarding type I and type II diabetes. For further information please contact Arnold R. Schwanke, 2450 S. Downing, Denver, Colorado 80210. Tel: (303) 778-7556.

WINTER COURSE ON TYPE I DIABETES

The International Study Group on Diabetes in Children and Adolescents and the Department of Pediatrics of the University of Verona, Italy, announce the organization of an international winter course in the care of children and young adults with diabetes. The course will be held in Misurina, Italy, from February 22 to March 1, 1986, on the occasion of a winter camp for diabetic youth. The course will comprise both theory and practice in: energetic and glycemic regulation, epidemiology, etiology of diabetes, all phases of insulin dose management, and psychosocial aspects. Round-table discussions will also be held. The course is open to all diabetes health care professionals. Class size is limited to 25; application deadline is November 30, 1985. For application or more information, contact (U.S. applicants) Dorothy J. Becker, M.B.B.Ch., Director, Diabetes/Nutrition Laboratory, Children's Hospital of Pittsburgh, 125 DeSoto Street, Pittsburgh, PA 15213. Tel: (412) 647-5179(-5170).

FIRST CALL FOR PAPERS

The 5th International Congress on Obesity, taking place in Jerusalem, Israel, September 14-19, 1986, announces its first call for submission of abstracts. The Congress will consist of plenary lectures, symposia, and poster sessions exploring the causes, treatment, and prevention of obesity. The program will be supplemented by informal panels, study groups, and summarizing sessions. Also being accepted are abstracts for several complementary satellite symposia taking place in Israel before and during the Congress. Deadline for all abstracts is May 1, 1986.

All correspondence regarding guidelines and general information for the Obesity Congress and its satellite symposia should be addressed to Victor S. Wahley, M.D., Ph.D., Associate Chief of Staff for Medical Education, V.A. Medical Center-141, N. Chicago, Illinois 60604.
