Erratum: "An ultrahigh vacuum scanning tunneling microscope for use at variable temperature from 10 to 400 K" [Rev. Sci. Instrum. 65, 3204 (1994)]

Sebastian Horch, Peter Zeppenfeld, Rudolf David, and George Comsa
Institut für Grenzflächenforschung und Vakuumphysik, KFA Forschungszentrum Jülich, D-52425 Jülich, Germany

The first sentence of the second paragraph of the introduction should read:

"While a few variable temperature STMs, which fulfill these requirements have been described,^{1,4} the majority of STMs currently in use are fixed-temperature instruments."

Reference 4 should read correctly:

"H. Röder, Ph.D. thesis, EPF Lausanne, Thèse Nr. 1288, Lausanne 1994. The variable-temperature STM described in this reference has been employed, e.g., in H. Röder, H.

Brune, J.-P. Bucher, and K. Kern, *Surf. Sci.* **298**, 121 (1993). The disposal of detailed drawings of the special manipulator developed for this instrument by Holger Röder and Klaus Kern is gratefully acknowledged."

The figure caption Fig. 2 (B) should read as follows:

"Smaller scale drawing of the inner end of the manipulator. The construction of the manipulator is based on the detailed drawings kindly provided by H. Röder and K. Kern.⁴"
