ADA EVENTS

Future Meetings

37th Postgraduate Course: 10–13 January 1990, Orlando Hyatt Regency Grand Cypress, Orlando, Florida.

50th Annual Meeting: 14–19 June 1990, Atlanta, Georgia.

Clinical Education Program (CEP)

Funded by an educational grant from the Upjohn Company, ADA's new Clinical Education Program (CEP) "Managing Diabetes in the 1990s" focuses on helping physicians gain a better understanding of how to manage the diabetic patient, including treatments that may delay or avoid diabetic complications. The 3.5-hour seminars are specifically designed for primary-care physicians. Attendees will receive Continuing Medical Education credits. ADA affiliates will conduct approximately 100 CEP seminars during the coming year. In addition, CEP programs have been scheduled at the following national meetings:

The Confederation of Hispanic-American Medical Associations—22 September 1989, Los Angeles, California.

The American College of Osteopathic Internists—13 November 1989, Anaheim, California.

For more information contact your local ADA Affiliate or Dr. Michael Stolar, Director of Health Sciences, ADA National Service Center, 1660 Duke Street, Alexandria, VA 22314. Tel.: (703) 549-1500, ext. 360; or 1-800-232-3472, ext. 360.

4th International Diabetes Conference

The ADA Virginia Affiliate and the University of Virginia Diabetes Center are cosponsoring the 4th International Diabetes Conference 22–24 October 1989 at the Omni Charlottesville Hotel in Charlottesville, Virginia. Topics to be covered at the conference include the etiology and treatment of IDDM and NIDDM, the complications of diabetes, and diabetes and pregnancy. For more information contact Mary Ann McMahon, University of Virginia Diabetes Center, School of Medicine, Box 448, Jordan Hall, Charlottesville, VA 22908. Tel.: (804) 924-5247.

OTHER EVENTS

37th Annual Symposium

The Clinical Society of the ADA/New York Downstate Affiliate will present its 37th annual symposium on 28 October 1989 at the New York University Medical School. The program will run from 9:00 a.m. to 1:30 p.m. and will include the following speakers: Drs. Graeme Bell, J. Denis McGarry, Jerrold Olefsky, and Ora Rosen. The Herman O. Mosenthal Memorial Lecture will be delivered by Dr. Ora Rosen, American Cancer Society Research Professor of Biochemistry, The Molecular Biology Program, Sloan-Kettering Institute. Application has been made for 4 h of Category I credit for the Physicians Recognition Award of the American Medical Association. For registration information contact the American Diabetes Association/New York Downstate Affiliate, 505 Eighth Avenue, New York, NY 10018. Tel.: (212) 947-9707.

OTHER EVENTS
