

## Letter to the Editor

Dear Editor,

Reference: Uvo, C. B. & Berndtsson, R. (2002). North Atlantic oscillation; a climatic indicator to predict hydropower availability in Scandanavia. *Nordic Hydrol.*, **33**(5), 415–424.

We acknowledge that we failed to appropriately assign contributions by H. Cullen, J. Cherry for our 2002 paper in *Nordic Hydrology*. These contributions were commensurate with authorship and Cherry and Cullen should have been credited in this way. We sincerely apologize for this error and wish to officially correct the record in this regard.

Cintia Uvo  
Ronny Berndtsson
