members of the American Diabetes Association's Council, and other distinguished physicians. Those who plan to attend are urged to register as soon as possible. All inquiries and applications should be addressed to the National Office. A public meeting, co-sponsored with the Dallas Diabetes Association, will also be held in conjunction with the Course. Many members of the faculty will participate in this program.

LOWER SUBSCRIPTION RATES FOR MEDICAL STUDENTS, INTERNS, RESIDENTS

The special price of $4.50 a year, half of the regular subscription rate, is now offered to Medical Students, Interns and Residents. This reduction was recommended by the Committee on Scientific Publications, and accepted by the Council.

SCIENTIFIC EXHIBITS AVAILABLE

The American Diabetes Association has three scientific exhibits available for display at meetings of the Affiliate Associations and other medical organizations. These exhibits are entitled "The Management of Diabetes Mellitus," "Vascular Complications of Diabetes," and "Diabetes Detection by the Physician." They can be obtained without cost, since shipping charges both ways will be assumed by the Association. The Council has appropriated funds for this activity to the end of the current fiscal year, April 30, 1956.

NEW MEMBERS

The following Active Members were elected as of May 1 and June 1, 1955:

California
Hudson, Charles B. — Oakland
Nielsen, Robert F. — Redondo Beach
Connecticut
Marshall, James S. — Farmington
District of Columbia

OTHER COUNTRIES

Canada
Rabinovitch, Sam — Montreal
Italy
Signorelli, Saverio — Catania

The following Associate Member was transferred to Active Membership as of May 1, 1955:
Kentucky
Sullivan, Clarence F. — Louisville

NEWS NOTES

FIRST HOSPITAL TEACHING CLINIC FOR DIABETICS

Contracts have been let for the construction of the world's first Hospital Teaching Clinic for diabetics, it was announced recently by Elliott P. Joslin, M.D., of Boston, Mass. This modern, two-story, million-dollar clinic building, to be constructed as part of the New England Deaconess Hospital, will occupy the lot on the corner of Joslin and Pilgrim roads, opposite Harris Hall and the Deaconess Building.

The clinic will carry on and expand the work of the Joslin group and the Deaconess Hospital in the prevention of the disabling conditions of late diabetes.
