Erratum

A model for the C5a receptor and for its interaction with the ligand

by J. Grötzinger, M. Engels, E. Jacoby, A. Wollmer and W. Strässburger

Protein Engineering, 4, 767–771

A printer’s error was introduced into the title of this article when it was in press. The correct title is as follows.

A model for the C5a receptor and for its interaction with the ligand*

An omission was also made on the second line of the first column on page 769. This and the subsequent four lines should read as follows.

pairing of Cys86(B) with Cys109(C) or Cys285(G), but strongly suggest that with either Cys293 or Cys294(G). A choice can be made with arguments given below. Pairing with Cys285(G), for instance, would require a vertical relative shift of two helix turns which would immerse polar side chains in the membrane.
