

Correction: hERG1 Channels Regulate VEGF-A Secretion in Human Gastric Cancer: Clinicopathological Correlations and Therapeutical Implications

In this article (Clin Cancer Res 2014;20:1502–12), which was published in the March 15, 2014, issue of *Clinical Cancer Research* (1), cell lines presented in Fig. 3G, specifically, the AKG α -pAkt bands (right) and the KATO III α -Akt bands (left), are incorrect. The authors have provided a new version of Fig. 3 (below), which also includes corrected densitometry data.

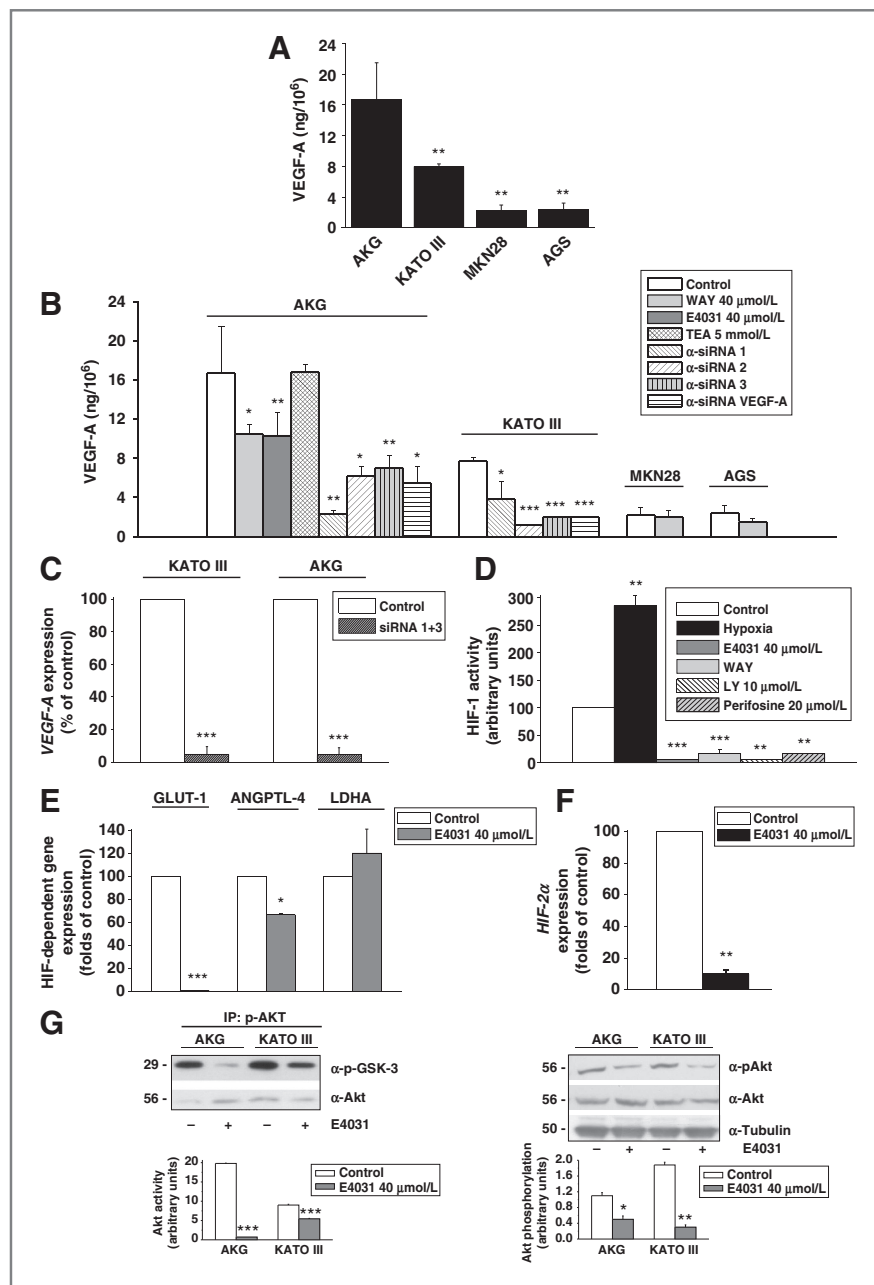

Figure 3.

The conclusions set forth in the article remain unchanged. The authors regret this error.
