

BRING YOUR OPTICAL PROBLEMS TO HEADQUARTERS. Bausch & Lomb offers: 1. America's largest precision optical facilities. 2. Ninety years of optical engineering. 3. An Optical Scientific Bureau. 4. Its own optical glass plant.

A Tribute to America's Teachers

America's greatest victories are won in her classrooms. Not alone are they the victories against ignorance and illiteracy . . . but the great victories as well, in scientific and industrial accomplishment . . . and the victories that emblazon our battle record.

In this there is the finest tribute that America could give her teachers. For in the hearts and minds of those who leave the classroom there has been instilled something above knowledge . . . a molding of the character . . . a shaping of the will . . . the unselfish gifts of those who have taught them.

No greater force ever existed for the shaping of the destiny of a nation than that in the hands of America's teachers. And no greater force has ever been better used. We have seen it evidenced in the courage of Corregidor. . . in the vast, whirling intricacy of the world's mightiest

industrial machine . . . in the new wonders of science that light up the horizons of the future . . . and we see it in the smiling, proudly lifted faces of our children.

Bausch & Lomb is proud to dedicate this space to those to whom the heritage of America's greatness has been entrusted . . . to the teachers of America. And we are proud, too, of the part Bausch & Lomb Optical Instruments have played, and will continue to play, in the furtherance of their work.

MAKERS OF OPTICAL GLASS AND A COMPLETE LINE OF OPTICAL INSTRUMENTS FOR MILITARY USE, EDUCATION, RESEARCH, INDUSTRY AND EYESIGHT CORRECTION AND CONSERVATION

SURVEY SET OF THE ANIMAL KINGDOM

Set ZD50 comprises 50 different animals representative of various typical classes and orders of 12 Phyla. They show the chief external characteristics by which their respective groups are classified and illustrate how the various forms are adapted to the many environments in which they reside. The specimens are in separate jars. Contained in the set are specimens of:

Grantia
Commercial sponge
Obelia
Jellyfish
Sea anemone
Sea walnut
Sheep liver fluke
Fringed tapeworm
Roundworm
Bugula
Lampshell
Earthworm
Sandworm
Leech
Acorn barnacle
Crayfish
Fiddler crab

Millipede
Centipede
Horseshoe crab
Garden spider
Grasshopper l.h.
Termite castes
Mayfly
Dragonfly
Squash bug
17 year locust
June beetle
Walking stick
Cabbage Butterfly l.h.
House mosquito
Horsefly
Wasp

Snail
Slug
Oyster
Squid
Chiton
Starfish
Brittle star
Sand dollar
Sea cucumber
Sea squirt
Amphioxus
Brook lamprey
Fish
Grassfrog, l.h.
Turtle
Sparrow
Pig

ZD50 Survey Set of Animal Kingdom containing above specimens \$19.50
Also available are the ZD100 Set of 100 specimens in classroom jars and the ZD200 Set of 100 specimens mounted on glass plates.

CAROLINA CULTURES

A DEPENDABLE CULTURE SERVICE

Class of:	25	50	75	100
L1 Giant Amoeba proteus (standard for study)	\$2.00	\$3.50	\$4.75	\$6.00
L2 Paramecium multimicro-nucleatum (giant form; excellent for laboratory study)	1.50	2.50	3.25	4.00
L60 Hydra, Green or Brown (state preference)	1.50	2.50	3.25	4.00
L220 Planaria maculata or dorotocephala (maculata, light colored species, is generally preferred)	1.75	3.00	4.00	5.00

SAME PRICE AS AMOEBA:

P. caudatum	Peranema	Pandorina
P. aurelia	Volvox	Eudorina
Stentor	Spirostomum	Actinosphaerium
Vorticella	Chlamydomonas	Mixed Protozoa
Vinegar Eels	Rotifers	

SAME PRICE AS HYDRA:

Euglena	Euplotes	Spirogyra
Arcella	Daphnia	Nitella
Chilomonas	Copepods	Elodea
Centropxyxis	Diatoms	Cabomba
Myriophyllum	Oscillatoria	

To minimize wartime delays all living cultures are shipped Special Delivery same day received, or according to customer's shipping schedule. The above prices include container and postage, but *not* the Special Delivery fee which is charged to the customer.

For *Drosophila* cultures, *Tenebrio* or "Meal-worms," Aquarium Sets or Assortments, living Frogs, Turtles, Rats, Mice, etc., see our Catalogue number 16.

Cultures of Bacteria and Fungi are also available.

We have a complete line of Preserved Specimens, Microscope Slides, Lantern Slides, Dissecting Instruments, etc. Our publications—CAROLINA TIPS and Catalogue number 16—will be sent free upon application.
