

The American Biology Teacher has a new Editor. Last spring, after 18 years, Randy Moore stepped down as Editor. During the past six months, the organization has conducted an extensive search for his replacement. Although it was a difficult decision as many of the candidates were extremely well-qualified, Ann Haley MacKenzie emerged as the top choice.

Ann is no stranger to NABT, or *ABT* for that matter. She has served as *ABT* Interim Editor for six months and as Book Review Editor for the past year and a half. She is currently Director-at-Large on the Board of Directors. She is a member of the Professional Development Committee and has served on the Long Range Planning Committee, the Assessment Task Force, *The American Biology Teacher* Journal Advisory Committee, and New Biology Teacher Award Committee.

She has worked with National Geographic, Biological Sciences Curriculum Study, General Electric, the American Physiological Society, and the American Association for the Advancement of Science on projects involving writing and editing educational materials. She is a regular reviewer for *School Science and Mathematics*, *The Science Teacher*, and *Teaching Education*.

Ann is an Associate Professor at Miami University, Oxford, Ohio, and teaches classes in Inquiry Life Science, and Methods Science for Adolescent and Middle Childhood Majors. She is also involved in developing a Science, Society, and Ethics course, and infuses film and popular culture within all of her classes. Her predominant passion is how popular culture impacts the science knowledge of children.

ABT Book Review Editor

NABT is now considering applicants for the position of Book Review Editor for *The American Biology Teacher*. Please send your resume to Cheryl Merrill at office@nabt.org or ABT Book Review Editor, NABT, 12030 Sunrise Valley Dr. #110, Reston, VA 20191.

She earned her B.S. in Biology and Biology Education from Purdue University, her M.Ed. in Secondary Education, and her Ed.D. in Curriculum Instruction, both from the University of Cincinnati.
