U.K. Prospective Diabetes Study Group: U.K. Prospective Diabetes Study 16: overview of 6 years' therapy of type II diabetes: a progressive disease. *Diabetes* 44:1249–1258, 1995

The authors of the above article have found an error on page 1255, first column, 5th sentence. The sentence should read "In the obese subjects, the proportions per year of those allocated to metformin and diet therapy who reported one or more hypoglycemic events were 5 and 1% and major hypoglycemic events 0.3 and 0.1% respectively."
