In the second to last sentence of the Abstract on p. 1508, the word “no” was inadvertently omitted. It should be “Moreover, we infer the Totschunda fault accommodated **no** more than ~85 km of horizontal offset since ca. 18 Ma.”

The final sentence of the Figure 17 caption on p. 1533 should be “The maximum amount of dextral displacement along the Totschunda fault since **18 Ma** is **<85 km**.”
