## Publications of Dr. William Dameshek—1948-1959

Compiled by STANLEY D. TRUELSON, JR.\*

(References preceded by an asterisk were not verified by checking the publication itself)

- : Editorial: Folic acid, pernicious anemia and pendulums. *Blood* 3:699-702, 1948.
- : Editorial: Marrow biopsy technics. *Blood* 3:209-210, 1948.
- : Editorial: "Shot-guns." *Blood* 3:803-804, 1948.
- : Editorial: The hemolytic crisis. *Blood* 3:307-308, 1948.
- : Editorial: The use of folic acid antagonists in acute leukemia. *Blood* 3:1057-1058, 1948.
- : Hemolytic mechanisms. *Blood*. Special issue no. 2, pp. 43-56, 1948.
- : Preface: The Rh factor. *Blood*. Special issue no. 2:1-2, 1948.
- , and Bloom, M. L.: The events in the hemolytic crisis of hereditary spherocytosis, with particular reference to the reticulocytopenia, pancytopenia and an abnormal splenic mechanism. *Blood* 3:1381-1410, 1948.
- , and Estren, S.: Hypersplenism: Some preliminary observations. *Acta med.Scandinav. suppl.* 213:106-119, 1948.
- Suess, J., Limentani, D., —, and Dolloff, M. J.: A quantitative method for the determination and charting of the erythrocyte hypotonic fragility. *Blood* 3:1290-1303, 1948.
- : Chemotherapy of "lymphoma" and leukemia. *Bull. New England M. Center.* 11:49-62, 1949.
- \*Conference on hemolytic anemia. *Proc. New York State Assn. Pub. Health Lab.* 29:59-75, 1949.
- : Editorial: . . . And now B<sub>12</sub>! *Blood* 4:76-78, 1949.
- : Editorial: Auto-immunization. *Blood* 4:873-874, 1949.
- : Editorial: Inheritance patterns in Mediterranean anemia and sickle cell anemia. *Blood* 4:1271-1272, 1949.
- : Further comment on nomenclature discussion. *Blood* 4:781-782, 1949.
- : Preface: Blood cells and their reactions. *Blood* 4:403, 1949.
- : The use of folic acid antagonists in the treatment of acute and subacute leukemia; a preliminary statement. *Blood* 4:168-171, 1949.
- , and Bloom, M. L.: The events in the hemolytic crisis of hereditary spherocytosis, with particular reference to the reticulocytopenia, pancytopenia and an abnormal splenic mechanism. *In: —, and Taylor, F. H. L., Eds.: George R. Minot Symposium on Hematology.* New York, Grune & Stratton, 1949, pp. 160-189.
- Estren, S., and —: Current concepts of hemolytic anemias. *Advances Int.Med.* 3:45-104, 1949.
- , and Rheingold, J. J.: Idiopathic thrombocytopenic purpura and menorrhagia mistakenly treated for local disease; report of four cases. *J.A.M.A.* 139:993-996, 1949.
- , and Taylor, F. H. L., Eds.: *George R. Minot Symposium on Hematology.* New York, Grune & Stratton, 1949.
- Rheingold, J. J., Weisfuse, L., and —: Multiple sites for bone-marrow puncture, with particular reference to children. *New England J. Med.* 240:54-56, 1949.
- , Weisfuse, L., and Stein, T.: Nitrogen mustard therapy in Hodgkin's disease; analysis of fifty consecutive cases. *Blood* 4:338-379, 1949.
- : Certain hematologic problems in gynecology. *In: Meigs, J. V., and Sturgis, S. H., Eds.: Progress in Gynecology.* New York, Grune & Stratton, 1950, vol. II, pp. 75-86.
- : Editorial: ACTH and its hematologic impact. *Blood* 5:779-780, 1950.
