21ST ANNUAL COLORADO DIABETES INSTITUTE

The 21st Annual Colorado Diabetes Institute presents a "Comprehensive Update of Current Issues Regarding Type I and Type II Diabetes." Current information on type I and type II diabetes will be discussed, including: regulation of fuel metabolism in diabetic patients with special emphasis on the alterations seen in ketoacidosis; the role of counter-regulatory hormones in brittle diabetes; and future prospects and complications to include atherosclerosis, lipid disorders, hypertension, and long-term goals in diabetic management.

The Institute will be held in Vail, Colorado, on February 29–March 4, 1984. For further information, please contact Arnold Schwanke, Executive Director of the Colorado Affiliate of the American Diabetes Association, 2450 South Downing, Denver, Colorado 80210. Tel: (303) 778-7556.

SYMPOSIUM ON THE ADVANCES AND TREATMENT OF TYPE I DIABETES MELLITUS

The Greater Philadelphia Affiliate of the American Diabetes Association will sponsor an all-day Symposium on the Advances and Treatment of Type I Diabetes Mellitus and its Complications on Saturday, March 3, 1984, at the Hershey Hotel in Philadelphia, Pennsylvania. The program will be divided into morning and afternoon sessions. The morning session will be devoted to the Complications of Diabetes Mellitus. The afternoon session will be devoted to new modalities of treatment. For further information contact Harry Gottlieb, M.D., at the Greater Philadelphia Affiliate, American Diabetes Association, 21 South Fifth Street, Philadelphia, Pennsylvania 19106. Tel: (215) 627-7718.

DIABETES: IMPLICATIONS FOR MODERN PRACTICE

The Texas Affiliate, Inc., of the American Diabetes Association, Austin Community College, and Brackenridge Hospital will present a conference designed for health professionals. The focus will be on current research impacting on the practice of diabetes care and education. The conference is scheduled for March 8–10, 1984, at the Wyndam Hotel in Austin, Texas. Registration information is available from Nancy D. Glass, Assistant Dean, Health Science Center–Austin Community College, 707 E. 14th Street, Austin, Texas 78701. Tel: (512) 476-3177.

3RD ISGIID MEETING

The third meeting of the International Study Group on Diabetes Treatment with Implantable Insulin Delivery Devices will be held on September 9–11 (arrival: September 8), 1984, in Alpbach, Tyrol, Austria. The ISGIID meeting takes place within the framework of the meeting of the European Society of Artificial Organs, which will be held at the same place on September 10–12. For further information please contact Prof. Dr. K. Irsigler, L. Boltzmann Institute for Metabolic Diseases and Nutrition, Vienna Lainz Hospital, A-1130 Vienna, Wolkersbergenstr. 1, Austria.

ADA DATES TO REMEMBER

44th Annual Meeting: June 7–12 (Scientific Sessions, June 10–12), 1984, MGM Grand Hotel, Las Vegas, Nevada.
